REACH RELIEF AGREEMENT

SEE SOME ABATING OF HEAT WAVE TOMORROW

Alice Longworth Says

(Special To The News)

CINCINNATI, July 14.—Under the present system of holding the nominating conventions in June there is no way to avoid the tedious summer of political skirmishing that the country undergoes every four years. It is generally recognized that activity during July and August is largely a matter of marking time until the weather cools off and politics warm up.

One argument is that even if the conventions were held at a date nearer election it would only mean a longer preconvention fight. Another is that it would give a great advantage to a president in office who was seeking a second term. He would have the opportunity to tour the country before the opposition had selected its standard bearer.

On the other hand, it would be difficult to campaign with sustained fervor without a definite adversary and program to attack.

Sometime one of the major parties should take the risk, cut the knot of custom, call its convention in September, and make an extensive six to eight weeks campaign.

ALICE LONGWORTH.

PA NEWC OBSERVES

An unusual incident arose in a downtown alley during the noon day rush Monday. The front bumper of an Austin curled around the bumper of a large car. Failing to separate the two vehicles by driving back, the operator and a friend got out of the car and lifted it away from the bumper and continued their jaunt.

Everyone as a rule goes to a summer camp for the purpose of escaping the sweltering heat. Ralph H. Gardner, faculty manager of athletics, of the New Castle high school, spends his time at Muddy Creek falls, the training camp of New Castle high clad gridders, preparing the outdoor resort for the fall training period. He has quite a job on his hand. Despite this, he finds time to amuse himself playing tennis, fishing, etc. Camp will open sometime during the latter part of August, Gardner announced.

Many New Castle residents remarked about the flight of a plane high above the city last night. It was headed eastward, and was flying at an exceptionally high altitude, evidently being on a through flight of a long distance.

* * *

Good progress is being made on the improvement of Rural avenue at the present time. The stone base is constructed to Park avenue. When this Rural avenue project is completed, it will provide a real highway from the north hill downtown.

While painting traffic signs is in progress on Jefferson street at Grant street, it would be a good idea if "Route 18" was painted on the bricks a little way up the hill above Grant street.

* * *

Steps in the Jefferson street side of the post office seem to be giving a lot of trouble. The edge of several has broken off since the building was opened. Part of the stairway ih now barricaded from travel,

New Promise Heat Relief Is Headed East

Far Western Outposts Of Record Drought Get Some Relief From Heat

RAIN IS FALLING IN SOME DISTRICTS

Death Toll For Protracted Heat Wave In Nation Mounts To High Figure

(International News Service)

CHICAGO, July 14.—A wave of cool air from the north Pacific Ocean, with rain splashing along its route, breathed new life into the far western outposts of the parched drouth belt early today as it moved steadily eastward bringing relief to a sun-stricken nation.

Torrential rains sent the thermometer plummeting from a high of 104 degrees to 74 at Winnipeg last night. Rain was still falling early today.

Rain fell in northern Minnesota and was expected hourly in the sorely-stricken twin cities.

Expect Relief Today

Real relief from the scorching winds and merciless sun is expected today throughout the Dakotas, Nebraska and Minnesota, government forecaster J. R. Lloyd declared here.

By tomorrow, Lloyd said, temperatures will be lowered in Iowa, Wisconsin, Missouri, Kansas, Illinois, Indiana and Michigan.

"It appears certain, now, that the 'cool front' will march steadily eastward," Forecaster Lloyd announced

Break Occurs In Water Line

Water Company Workmen Battle Break In Pumping Line

TEMPORARY REPAIRS ARE QUICKLY MADE

Weakening at a time when consumption in New Castle was at a peak, one of the four 16-inch pumping lines at the Shenango river pump station of the New Castle Water company split open at 10:15 o'clock last night, releasing a torrential stream which rapidly transformed the pump station grounds into a miniature lake and causing a loss of approximately 1,500,000 gallons of water in the reservoir which serves the city.

Repair Break Temporarily.

Tireless repair crews were expected to completely mend the damage by midnight tonight although they had tightly sealed the 12-foot long split within a half hour after recording instruments at the station registered the break.

Superintendent J. Lepere Matthews, who explained that the break was "serious" from the company's standpoint, lauded his workmen for their "capable and efficient handling of the situation."

With only emergency lights to guide them as they worked away at the break two feet under water, back in under a corner of a building on the property, the quickly-

One Gains Respite, Other To Die

MRS. DOROTHY SHERWOOD MRS. FRANCES Q. CREIGHTON

New York state postpones the execution of one woman but decrees the death of another. Mrs. Dorothy Sherwood, left, 28-year-old widow of Newburgh, who hovered near the electric chair for drowning her two-year-old son to "save him from starvation", has been given a respite, the New York state court of appeals setting aside the first-degree murder conviction. The court ruled that a new trial must be granted because the judge at the first trial improperly instructed the jury. Meanwhile, Mrs. Frances Q. Creighton, convicted poisoner, sentenced to die in the electric chair the week of July 13, was denied a motion for a new trial in Nassau county court at Mineola, L. I.

Some Delay In Return Of Liquor Store Bandit Here From Pittsburgh

(International News Service)

PITTSBURGH, July 14—Investigation of the local activities of Harry Thompson, 26, confessed pal of the slain Francis (Puggy) Ryan and the latter's assistant in the robbery of a state liquor store at New Castle, has not yet been completed, the county detective bureau announced here today.

"It will still be several days before Thompson is returned to New Castle," a spokesman at the bureau said. A detainer will be filed with the district attorney here to return Thompson on an automobile theft charge if he is acquitted in New Castle, the bureau revealed.

Claiming he did not wish to worry his wife and mother any longer Thompson walked into the detective bureau Sunday night and gave himself up He also surrended a gun which he said he had taken from Ryan during a gun battle with police in which the latter was killed.

While performing her household duties, this morning about 9:30 o'clock, Mrs. Michael Haslak, aged 60, of 1109 Scioto street, dropped dead, in the kitchen of her home.

A heart attack caused her death according to Coroner Orville Potter who investigated the case.

Funeral announcement will be made later.

Election Of Directors Now In Final Stage

Tellers Certify Nominees In Primary Election Of Chamber Of Commerce

FINAL ELECTION IS NOW UNDER WAY

Election of directors to represent the New Castle Chamber of Commerce is now in its final stage, with the completion of the task of counting the votes in the primamry election, which ended last Friday.

Because of the large vote and the great number of nominees, the tellers were unable to complete the task assigned them last Friday and work of counting the ballots was held over until Monday, when the job was finished.

The twenty-four nominees for the twelve vacancies on the board were certified to the officers of the Chamber of Commerce as follows; A. L. Bintz, DeLace Cole, Thomas W. Dickey, Emanuel Shenkan, C. L. Cripps, W. Keith McAfee, L. R. Berkheimer, Fred L. Rentz, W. W. Braham, C. P. Reynolds, P. J. Flaherty, James K. Love, Jack Gerson, Thomas H. Hartman, Alex C. Hoyt, L. B. Round, B. H. Kanenberg, Paul F. Butz, George F. Winter, George D. Blair, Carl Paisley, D. S. Pyle, Sam H. McGoun, and Ray S. Tannehill.

Ballots have been prepared and will be sent to the Chamber of Commerce members immediately in the final election, which will be concluded on Friday, July 24, at noon.

The six receiving the highest number of votes will be named for a three-year period, and the six receiving the next highest number of votes will serve for a two-year term. This arrangement is due to the fact that no election was held by the Chamber of Commerce last year.

The election committee which counted the ballots in the primary election was composed of John J. Maher, chairman; L. R. Berkheimer, L. B. Mather, Jr., Gust Sanfillippo, and J. R. Winter.

Wednesday Is Suburban Day

One way of cooling off these warm July days is to get a little more for your money than you anticipated. And the sure way of doing this will be to attend the Suburban Day sales which will be held in New Castle Wednesday, July 15, by a group of about 40 merchants.

The sale price tags will be inverse ratio to the thermometers. As the mercury goes up the prices come down and with the mercury doing tricks around the top of the tube these days you can figure for yourself just where the prices will be.

Suburban Day is a monthly sale day sponsored by New Castle merchants as a good will builder. On every monthly Suburban Day the regular prices of commodities and materials are cut down for the one day only. The prices prevailing that day are not applicable to any other day in the month.

Thrifty shoppers have found the Suburban Day sales to be a money saver and from the merchants' standpoint they have found that the results of Suburban Day are reflected in sales totals on the other days of the month in a satisfying manner.

In the various stores that will observe Suburban Day shoppers can find the things they need for the summer days at prices that are months off the calendar. Summer dresses, shoes, bathing suits, garden implements, everything in fact that goes to make up the things needed in every day life.

All day Wednesday the merchants will have their wares priced below the regular scale. The reason is to attract shoppers and the thrifty shopper can save a lot by getting in to the stores on Wednesday.

Landon And Borah Conference Is Seen

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

TOPEKA, Kas., July 14.—A midsummer conference between Governor Alfred M. Landon and Senator William E. Borah was seen as one of the possibilities growing out of a call here today by former Senator John Thomas of Idaho.

Borah already has declared he would "stand by" the Republican nominee for president and the Republican platform.

Friend of Borah.

Thomas, a close friend of the Idahoan, was his spokesman on the Republican resolutions committee at the Cleveland convention, which finally approved Borah planks on monopoly and foreign affairs. Thomas led a successful fight for adoption of the planks.

Thomas was to confer with Landon during the day. A conference between Landon and Borah, if it is staged, would not be held until after the governor delivers his address here July 23, accepting the Republican nomination. Borah has frequently announced he would not decide whether to actively support the Republican nominee on the stump until after he heard Landon's personal interpretation of the platform in the acceptance speech.

Borah declared, after the conven-

C., gas-filled apartment in a semi-conscious condition . Her attacker had carved a cryptic "C L" and the numerals "3-12" on her thigh and abdomen and had left her to die from gas fumes of four jets he allegedly turned on. Severe Grilling Is Given Girl

Margaret L. Bell's Fantastic Story Is Not Shaken In Police Probe

MAINTAINS SHE WAS ATTACKED

(International News Service)

WASHINGTON, July 14.—Forced to undergo one of the most severe grillings ever given a woman here, henna-haired Margaret L. Bell, 23, today wore out a score of police questioners and still maintained the murderous attack she reported was made upon her Saturday night was not faked.

For 16 hours local and New York police sat about her in a locked room at police headquarters and fired questions in their effort to break her fantastic story of being slugged unconscious, bound, gagged, branded and left in her gas-filled apartment to die.

Miss Bell said her attacker carved the letters "C L" and the numerals "3 12" into her flesh. These, she stated, represent the initials of Charles Luciano, imprisoned recently for operating a syndicate of disorderly houses in New York.

Contract Awarded For Bridge Work

F. E. Trimpey, Low Bidder Furnishes Bond And Will Begin Work Next Week

County commissioners have awarded the contract for improvement of the West Washington street bridge to F. E. Trimpey of Rockwood, Pa., at his bid of $10,600. Mr. Trimpey was low bidder when the bids were opened recently, but the actual awarding of the contract was held up until the bidder qualified by furnishing a satisfactory bond for the completion of the job according to the plans and specifications. This has now been done and Mr. Trimpey expects to begin work on the bridge next week.

The work will be carried on in such a manner that it will be unnecessary to close the bridge, except possibly for a day or two. The plans call for the elimination of the dangerous center section, which was fenced off when repairs were made some years ago, and two traffic lanes established.

Compromise On Relief Fund For State Is Reached

Deadlock On State Relief In Special Legislative Session Is Broken

APPROPRIATION OF $45,000,000 IS SET

Expect Relief Payments To Be Resumed In Very Short Time

(BULLETIN)
(International News Service)

HARRISBURG, July 14.—Despite objections of several hundred "hunger marchers" who remained in the capital, the Democratic - controlled house today passed the 3,000,000 emergency appropriation and transfer bills providing for the immediate resumption of state aid to the needy.

The vote on each bill was unanimous.

While the house approved its fourth transfer of fund on the basis of the Republican-Democratic compromise of a $45,000,000 appropriation for relief, the senate recessed until 3 o'clock this afternoon to permit the finance committee to consider tax bills to cover the $9,000,000 not already provided for in the relief agreement.

HARRISBURG, July 14—Over the protests of relief "hunger marchers" who yelled their disapproval from a riotous senate gallery, Pennsylvania's relief deadlock was broken early today as Republicans and Democrats agreed on a $45,000,000 relief appropriation.

The compromise figure, which was reached after a tumultous session that opened the eleventh week of the emergency session, was accepted by Gov. George H. Earle, "in order to prevent starvation of our 600,000 unemployed, needy men, women and children.

NEW CHARGE OF ESPIONAGE

Former Naval Officer Held

G-Men Take Former Lt. Commander J. S. Farnsworth Into Custody

WAS DISMISSED FROM NAVY IN 1917

By KINGSBURY SMITH
International New Service Staff Correspondent

WASHINGTON, July 14—A startling new naval espionage case, involving the alleged sale of American naval secrets to Japan by a former lieutenant commander of the United States navy, broke here today.

Shortly after midnight, G-men of the Department of Justice took into custody former Lt. Comdr. John E. Farnsworth.

J. Edgar Hoover, chief of the Federal Bureau of Investigation, confirmed Farnsworth's arrest but would give no details. He said Farnsworth would be charged with espionage and probably would be arraigned before the federal commissioner here during the day.

Dismissed in 1917

Dismissed from the service in 1917 for "scandalous conduct, tending to impair morals of the service" Farnsworth has been under surveillance by naval authorities for more than a year.

He has been suspected of selling secrets concerning American fleet maneuvers to Japanese agents.

Capt. W. D. Puleston, chief of naval intelligence, confirmed the arrest of Farnsworth.

Farnsworth had a brilliant career in aviation, gunnery, tactics and in other naval fields before he was dismissed from the service following a court martial.

He was a graduate of the U. S. Naval Academy and claimed to have been appointed to Annapolis by the late Speaker of the House Nicholas Longworth.

SPEED UP AID IN DROUGHT STATES

(Continued From Page One)

and the residents are hauling water for drinking purposes from distant creeks.

To Expedite Plans.

Resettlement Administrator Tugwell and Acting WPA Administrator Williams left by airplane to meet with their state chiefs for the Dakotas, Montana, Wyoming, Minnesota and Nebraska on expediting plans for:

1—Immediate grants by the RA to farmers of $20 a month for family food and loans for feed for livestock.

2—Increasing WPA employment in North and South Dakota.

3—Hastening construction of wells for water for human consumption, and of dams and reservoirs for water for livestock, and later, for irrigation purposes.

4—Determining on a long-range program of turning hundreds of thousands of acres of cultivated land back to grass and cattle range, with possible removal of 30 per cent of the rural families to other areas.

In Northwest Plain States.

While the relief problem centered in the northwest plains states, effect of the drought in other sections of the country, chiefly in the southeastern cotton belt, and in Kansas and Oklahoma, began to be felt in increasing demands for federal aid.

Hopes of thousands of cotton farmers in Georgia, South Carolina and parts of Alabama, North Carolina and Tennessee, for bringing in a cash crop faded because of the May drought.

WPA launched projects—farm-to-market roads, dam and water conservation construction—to put 20,000 farmers to work in that area.

In Kansas and Nebraska, thousands of farmers and youths were put to work on WPA and NYA projects to combat not only the drought, but the grasshopper infestation of the arid fields. High school and college students who have been receiving aid during the school year from NYA were enrolled in the grasshopper fight. Department of agriculture funds for that emergency have been exhausted as only $250,000 was appropriated by congress for grasshopper extermination.

Fear of epidemics in the extremely dry Dakotas was expressed by M. A. Kennedy, state administrator for South Dakota. In a telegram to Williams he said:

"Am positive that there is a serious danger of disease spreading in several primary drought counties. At least four towns are entirely without water supply, and are hauling water from creeks and water being used without treatment. Many springs have ceased flowing, and rivers are drying that have never been dried before."

tion, that the monopoly and foreign affairs planks were the two most important in the platform. Landon, in a message to the convention, announced he accepted them along with the rest of the platform, with his personal interpretation of the monetary and civil service planks.

Confers With Peek.

Landon also was scheduled to meet E. G. Bennett of Ogden, Utah, during the day. Bennett, a business partner of Marriner Eccles, Federal Reserve board chairman, was a former director of the Federal Deposit Insurance corporation.

The governor meanwhile expressed himself pleased with his conference with George N. Peek, farm authority and former foreign trade adviser to President Roosevelt. Peek discussed farm and foreign trade policies with the governor.

Before departing for Washington, Peek said:

"Governor Landon has a splendid personality. He showed a great deal of understanding of the problems I'm interested in." Then, with a smile, he added:

"I think after he speaks on some of the subjects I'm interested in, I'll be able to make up my mind whether to support him."

Peek declared for a modification of the administration's reciprocal trade policies. He announced definitely he would not support the Roosevelt or foreign trade policies, saying:

"I can see no sense in curtailing American production and importing food supplies."

Declaring against immediate stabilization of international currencies, he said ultimately there must be a drastic revision of the present gold and silver purchase policies, continuous management of the exchange value of our currency, and a judicious supervision of the flow of capital in and out of America.

ROOSEVELT STARTS ON YACHTING TRIP

Hyde Park last night before boarding the special train for Maine, the president was "going to be in old clothes and cool" for a little over two weeks. In the next fourteen days, with the aid of Captain Elden Colbeth, a New England fishing boat skipper, the three White House sons and a sailor named Joseph Emmerz as crew, the executive planned to cruise the Maine coast, sail across the bay of Fundy to Nova Scotia and then return to the Roosevelt family camp at Campobello, New Brunswick.

When wind prevails, the Sewanna will proceed under sail. When it fails, an auxiliary motor will keep the craft cruising. The U. S. S. Potomac and the Destroyer Hopkins will serve as a convoy—aided by the Schooner Liberty which will carry White House newspaper men.

Bell, self-proclaimed victim of an alleged underworld attack in Washington, had been identified as a girl who had claimed to be the lawfully wedded wife of Charles ("Lucky") Luciano, convicted as czar of New York's $12,000,000-a-year vice racket.

The girl, who was held as a material witness during the trial of Luciano and his reputed henchmen, had visited the office of Luciano's attorney and volunteered to "do anything to help Charley," the Mirror said. The story added she had been identified also as the girl who used the name of "Mrs. Luciano" during visits to the office of special prosecutor Thomas E. Dewey and offered to reveal the whole workings of the underworld vice organization."

"At that time," the Mirror said, "She said she married Luciano in Harrisburg, Pa., in 1932. He using the name of 'Camania.'"

However, the story continued, a checkup by attaches of Dewey's office revealed there was no similarity between the reputed bridegroom's signature on the marriage certificate and that of Luciano.

Man's Stomach Felt Raw From Taking Baking Soda

A New Castle man tells that he took so much baking soda for indigestion and gas bloating that his stomach felt almost RAW from it. He had been a victim of stomach distress 25 years. Now, this same man is among hundreds in this vicinity who praise the double-acting stomach alkalizer, called WHITE SWALLOW—the new, scientific formula of FOUR (4) different remedies for stomach distress. He says this medicine gave him the only REAL relief since he first suffered in 1911. Now he can eat ANYTHING no heartburn, bloating, cramps or headaches after meals.

Acts At Once

WHITE SWALLOW neutralizes acids in the stomach, expels gas, relieves pain, bloat, swelling and headaches. Relief comes immediately. Not habit-forming like soda; pleasant to take and it settles the stomach at once.

Costs So Little

Best of all, WHITE SWALLOW costs less than 1c a dose. So it would be unfair to yourself to suffer. We want the public to know about this new, scientific remedy because it has helped just about everyone who has taken it.

Deaths of the Day

Isaac E. Anwyl

Isaac E. Anwyl, 62, a well known resident of New Castle for 30 years and a retired foreman of the Carnegie Steel Company, died at his home, 137 East Wallace avenue, at 11 a. m. today. Death was due to a heart condition. Although he had been in poor health ever since his retirement six years ago, he was able to be out and around every day until Sunday when he was taken suddenly worse.

Mr. Anwyl was born at Middleport, O., on March 25, 1874, son of Robert and Elizabeth Enoch Anwyl. For 30 years he was engaged in work as converting foreman of the Carnegie Steel Company here, was widely known and had many friends. He was a member of the Presbyterian church and had been a Mason for many years. He held membership in the Blue Lodge No. 363, F. & A. M., Middleport, O., the New Castle Lodge of Perfection, A. A. S. R., the Pittsburgh Consistory, the Syria Temple of the Shrine, and the Lawrence Commandery, No. 62, Knights Templar.

He leaves his wife, Mary Siebert Anwyl, who was originally from Columbus, O., one son, Robert H. Anwyl, of Athens, Texas, and one brother, Joseph Ellis Anwyl, of Chicago, Ill.

The body has been removed to the R. L. Boyd funeral home and funeral services will be conducted there at a time to be announced later.

Robert Harold Cameron

Robert Harold Cameron, aged eight months, son of Robert and Laura Clark Cameron, died in the Jameson Memorial hospital Monday evening at 11:07 after an illness of only two days of complications.

The baby was born October 29, 1935, in Hickory township. In addition to the parents, two brothers, Paul and James, and two sisters, Reba Jane and Erma Louise, survive.

Funeral services will take place from the home Wednesday afternoon at 2 o'clock, with Clifford Pollock, pastor of Mt. Hermon church in charge. Burial will be in Mt. Hermon cemetery.

Mrs. George R. Kreps.

Mrs. Mary Dickson Kreps, wife of George R. Kreps, of Lansdowne, Pa., died on Sunday in Philadelphia following an operation.

Mrs. Kreps was born in Mahoning township, Lawrence county, daughter of John C. and Mary Crider Dickson. She was one of twelve children, of whom two brothers, Joseph O. and Bryon C. Dickson, both of Edenburg, survive.

She had been away from here quite a number of years; was a member of the Order of Eastern Star at Philadelphia, the Spanish American War Veterans Auxiliary and the Presbyterian church of Lansdowne.

BREAK OCCURS IN WATER LINE

(Continued From Page One)

summoned workers strove mightily for the half hour to close the break. Matthews, in hip boots, waded into the water and worked at the side of his men.

Start Permanent Repair.

When the opening was temporarily sealed 30 minutes later, the crews turned toward the job of permanent repair.

"By midnight tonight all the damage will be repaired and everything will be normal," the superintendent announced

The broken pumping line serves downtown New Castle and when the split occurred at 10:15 the downtown pressure fell from approximately 100 to 65 pounds within a few minutes. Other districts were not affected.

The company said today that water consumption has been excessive throughout the city since the heat wave started on July 6 and that the break of last night made the million and a half-gallon water loss all the more noticeable.

The 12-foot long split in the pipe, too minute to allow a penknife blade to be injected, turned loose water that flooded the station property from the Erie railroad track to the Shenango river.

The reservoir water loss interrupted service only to a few homes in the northern section of the city. Today the cause of the break was being determined.

STATE FACING HOTTEST DAY

(Continued From Page One)

ability" the city's all-time high of 103.2 degrees would be broken before 4 p. m.

In Philadelphia, where 28 persons were reported dead as the result of the unbroken heat wave, the thermometer registered 80 at 10:30 a. m., and was still climbing. Harrisburg reported 81 at 10:30, with predictions the mercury would reach 90 before the day was out.

Slight Hope For Showers

Throughout the state, forecasters held out a slight hope for cooling thundershowers, though the possibility was admittedly a remote one. After referring to his state weather maps, Brotzman told International News Service climatic conditions would have to change "very suddenly" for any part of the state to have showers today, though he said that "in these freak weather days almost anything may happen".

All sections reported further heat prostrations, and though an International News service check revealed the state heat death list to be 78 this forenoon, it was feared another day of high degree heat would send the Pennsylvania toll near the hundred mark.

FIFTY MEN TO START WORK ON NEW AIRPORT

(Continued From Page One)

everything is in readiness for the actual start of the work.

The government has allotted $162,000 for the project and the city council has spent approximately $13,000 for land. When completed the port will be a modern Class A airport with two 1000 feet runways crossing in the form of a huge X.

The work will be under the supervision of Michael J. Scanlon a man who has wide experience in construction work. No estimate has been made as to the length of time required for the completion of the work.

SMITH'S

COMPROMISE ON RELIEF FUND FOR STATE IS REACHED

(Continued From Page One)

who swarmed through the main capitol building and crowded into the senate chamber to boo Republican senators and scream at legislative delay, greeted the compromise with jeers. Charging the appropriation as agreed upon would not meet "minimum" needs, they planned to confer on the estimate later in the day.

Compromise Reached

The compromise was reached after a long night of conferences by legislative leaders and gave the "hunger marchers" an opportunity to take the senate "floor" from the gallery with impromptu speeches that kept the upper chamber in an uproar throughout the evening.

As the senate concluded its session with the reporting out of tax bills estimated to raise $28,000,000 in addition to the $8,000,000 already provided for, the finance committee pledged to recommend other tax measures providing an additional $9,000,000 to bring the total relief appropriation up to $45,000,000.

Although the house adjourned, with the senate, after tabling action on an emergency transfer of $3,000,000 for immediate relief needs it was understood that transfer would be passed upon reconvening of the lower chamber today. It will then need only the signatures of officials of the two houses and the governor to bring about an immediate resumption of state relief aid, now stopped for better than a full week.

Governor Blames Senate

In accepting the $45,000,000 compromise, Governor Earle placed responsibilities for its adequacy on the Republican majority in the state senate.

In announcing the compromise figure, Senator John J. McClure, R. Delaware, said the $45,000,000 included previous appropriations made in the current special session. The balance of the compromise amount he said, would be appropriated to the state emergency relief board to be allocated month by month through February 1, 1937.

Four bills, estimated to raise $28,000,000 in taxes, were reported from the finance committee. They included an increase of from one to four mills in the personal property tax, an increase of from five to eight mills in the tax on title and trust companies, and an increase of from four to eight mills in the tax on banks and savings institutions.

The $8,000,000 already provided for in new taxes includes the $7,500,000 liquor tax bill and the $500,000 joint transfer inheritance tax measure.

While efforts of local relief agencies to meet the crisis continued until action today restores state-aid, their work was supplemented by the state medical organizations.

Medical care for the state's needy was assurred during the period of emergency by the state department of health cooperating with the medical society of the state of Pennsylvania and the state emergency relief board.

MORFYDD OWENS BRIDE OF JOSEPH WILKISON

Among the early July weddings of interest locally, is that which took place in Erie, Saturday, the eleventh when Miss Morfydd Owens, daughter of George Owens on Waldo street, New Castle, became the bride of Joseph Wilkison, son of Mr. and Mrs. L. M. Wilkison, West Clayton street, also of this city.

The ceremony was performed in the St. Johns Episcopal church, of Erie, and a sister of the bride, Mrs. Norman Hamilton who resides in Erie, was the only witness to the vows pledged. The Rev. Walter Ware, pastor, officiated with the single ring service.

For her wedding, the bride wore a smart blue net afternoon dress with white accompaniments, and shoulder bouquet.

Immediately following, a wedding dinner of beautiful appointments, was served at the home of Mr. and Mrs. Norman Hamilton on West Twelfth street of the lake city, with covers marking for members of the immediate families of the young couple. A green and white color theme was carried out, and an attractively decorated tiered wedding cake, surmounted with a tiny bride and groom, adorned the bride's table.

Later in the day, the couple left on an extensive motor trip to Buffalo, N. Y., Niagara Falls and other points of interest, and upon their return, will take up residence in Erie where he is employed with the City Iron Works.

Both Mr. and Mrs. Wilkison are graduates of New Castle high school, and have a host of friends here who will read with interest, the news of their marriage.

B. And O., C. T. P. Group

Members of the B. And O., C. T. P. Group, together with their families, will hold their monthly meeting in the form of a breakfast at Cascade Park Thursday morning at 9 o'clock sharp. The committee will serve coffee and cream and following this feature, the pleasures of the park will provide further entertainment.

1923 S. L. Club

The 1923 S. L. club meeting scheduled to meet this week, has been postponed until further notice.

REED-CAMPBELL MARRIAGE TODAY

This morning at 10 o'clock in the parsonage of St. John's Lutheran church, a quiet but most impressive wedding ceremony took place when Miss Margaret Reed, daughter of Mrs. Margaret Burry, of Fairfield avenue, became the bride of James C. Campbell, son of Mr. and Mrs. John M. Campbell, of Northview avenue. The Rev. F. E. Stough, pastor of the church, officiated, using the single ring service.

A cornflower blue chiffon frock of street length, was chosen by the bride for her wedding, and she wore with it white accessories, and a shoulder bouquet of gardenias. Miss Helen Hindman, of Butler, Pa., a chum of the bride, was her only attendant. She was attired in a flowered chiffon frock, also of street length and white accompaniments. Her shoulder corsage was made up of red roses and other flowers to harmonize.

Immediately afterwards, the bride and groom and their attendants motored to Butler, Pa., where they were served a wedding breakfast of beautiful appointments in the Nixon Hotel. Following, Mr. and Mrs. Campbell departed for a weeks motor trip to points East, and upon their return, will reside at 212 Fairfield avenue.

Both the bride and groom are graduates of the New Castle High school, and the latter also graduated from Slippery Rock State Teachers College. For the past few years, she has been a member of the teachers staff at the Arthur Mc Gill school. He is associated with the Francis Motor Company of this city.

T. A. C. Club

Miss Elizabeth Ungar was hostess at her home on Sampson street, Monday evening, to associates of the T. A. C. club. Special guests who participated included Catherine Eve, Mrs. Joe McCaskey and Freda Ungar.

The hours were spent in a delightfully informal manner, cards featuring with Freda Ungar and Catherine Eve winning the awards. The serving of cooling refreshments brought the occasion to a close, and marked their last regular assembly until September, when sessions will again be resumed.

ATTEND CINCINNATI WEDDING OF INTEREST

Mr. and Mrs. C. H. Hilborn of Highland avenue and Harold C. Heck of Moody avenue, New Castle, have returned from Cincinnati, O., where they attended the wedding of Miss Mary Crouse, daughter of Mrs. A. C. Crouse of Cincinnati, O., and a sister of Mrs. Hilborn, and Dr. Richard Simmons, son of Dr. and Mrs. R. Simmons of the same Ohio city, Saturday, July 11.

The wedding was one of the most prominent social events of the season in Cincinnati, which took place in the Methodist Episcopal church with guests numbering over 500 in attendance. The groom's father Dr. Simmons, officiated before the beautifully embanked altar at 8:30 o'clock in the evening. A reception followed. Owing to the death of the bride's father sometime ago, Harold C. Heck of this city gave the bride in marriage.

The couple are spending the summer months at Lakeside, O., where Dr. Simmons has a cottage, and will remain there until September 1, when they will motor to this city and be the guests of Mr. and Mrs. Hilborn for sometime. Following, they will return to Columbus, O., to take up their permanent residence, where Dr. Simmons is practicing.

Both the bride and groom, graduates of Ohio Wesleyan, are well known in New Castle, having visited in this vicinity frequently. Also they have been entertained by Mrs. Cloyd Cypher, who lived on Sumner avenue here prior to moving to Chicago, Ill., where she now resides.

Dr. and Mrs. Simmons have received a magnificent collection of wedding gifts for their new home.

RECENT BRIDE IS HONORED AT PARTY

Mrs. John Schass (nee Dorothy Keely) was honored at another delightful social event on a recent evening at the home of her mother, Mrs. Roy Keely, at 1117 West Washington street, when friends arrived and tendered her a miscellaneous shower.

After a period spent pleasantly with cards, bingo and other features, the guest of honor was presented with a collection of useful and attractive gifts to be used in her new home. She responded in a most gracious manner.

A delicious lunch was served by the hostess at an appropriate time to twenty or more guests. She was assisted by her daughters, Mrs. Jack Kirkwood and Mrs. Rudolf Theis.

Parties For Miss Aiken

Miss Marjorie Aiken, well known member of the Sharon young set, who is to be married to John C. Fisher, of Pittsburgh, on July 25, has been feted at numerous parties in the past several weeks.

One of the most recent was at the home of Mrs. C. B. Lartz, Sharon, in the form of a dinner-bridge. Honors for success in the bridge game went to Miss Mary Eleanor Oakley and Miss Dorothy McAdam.

MRS. C. A. LANDOLF HONORED BY CLUB

Complimentary to Mrs. Charles A. Landolf, nee Miss Ruth Hoyt Starke, a recent bride, E. E. E. E. club members were charmingly entertained in the home of Miss Virginia Pacurar, 210 West Sheridan avenue, on Monday evening.

Cards, music and a discussion of numerous topics of interest formed the pastimes. Card prizes were awarded to Miss Betty Gibson and Miss Betty Brashere. At an appointed hour, the hostess served appetizing refreshments.

The honored guest was showered with a number of useful gifts.

MISS EMILY REYNOLDS IS AGAIN HONORED

Miss Emily Reynolds, bride-elect of July 27, was again honored Monday evening at a lovely bridge-shower given in a prominent inn on the outskirts of Poland, O., with Miss Carolyn Gearhart, of Poland, presiding as hostess. The event was attended by guests from Ellwood, New Castle and the Ohio city.

Bridge held sway, with prizes falling to Mrs. Paul Reynolds and Mrs. Harold Burns, both of Ellwood. Immediately following, the tables were cleared and an abundance of attractively wrapped packages were brought in for the birde-to-be. When opened, she found a collection of beautiful gifts of a miscellaneous nature, for her future home.

The assembly was later invited into the dining room where a dainty and refreshing lunch was served at a table centered with a large bouquet of fresh cut garden flowers. Pink and green tones predominated, pink tapers in harmonizing holders being placed at either end. Novelty "shower cans" in miniature in the prevailing colors, served as place cards and were taken home as favors by the guests.

W. E. CLUB PLANS PICNIC OUTINGS

Members of the W. E. club have planned for a number of picnic outings to be held during the balance of the summer season, the first to take place Thursday of this week at Cascade Park.

Their last regular meeting was held at the home of Mrs. Clarence Hollis, on Huron avenue, with the usual informal routine featuring. Cards claimed attention, Mrs. William McBride, Mrs. Jess Dufford and Mrs. Orville Michael carrying off the honor score awards.

The hostess, who served a dainty repast, was honored with a hankie shower, in remembrance of her birthday anniversary. Mrs. Clarence Collingwood was a new member welcomed into the organization.

W. C. Club.

Mrs. Charles Clark on Fridayq evening entertained the W. C. club at her home on Round street. Pleasant games of bingo were enjoyed and prizes were won by Mrs. William Ketzel and Mrs. William Wantosky.

A former member, Mrs. John Cochran of Uniontown, was a special guest.

A delicious lunch was served by the hostess. On July 24 Mrs. Fred Steckel will have the club at her home on Slate street.

Every Ready 4-H Club

The 4-H Girls met at the home of Mabel and Nellie Cotton on July 9, with all members present. During the business meeting it was decided to have a picnic supper in the near future. Miss Vogle then directed the girls in sewing. They will cut 4-H uniforms at the next meeting on July 23 at the home of the local leader, Mrs. Margaret Weller and daughter, Agnes Mae.

MARY SPENCE GIVEN FAREWELL SURPRISE

Monday evening, Elizabeth Spence entertained in her home on East street, a group of friends at a farewell shower honoring her eldest sister, Mary Spence who leaves Wednesday, July 22, for Tucson, Ariz., where she will remain for a year or two. She will leave on the B. & O. at 8:51 a. m.

The event proved a total surprise to the honored one, and after the excitement had subsided attention was turned to several contests, including bingo, a radio amateur feature and other games, with Peg Patterson carrying off the main award.

Later, the guest of honor was presented with a collection of prettily wrapped articles, which were revealed to be personal gifts. Carrying with each item, were best wishes for a safe journey conveyed by the assemblage, to Mary.

The serving of a delicious lunch concluded the evenings program, the hostess being assisted by her mother, Mrs. Elizabeth Spence and another sister Hannah. Small tables were nicely appointed for this feature.

SURPRISE GATHERING HONORS NEWLYWEDS

The home of John Emery, of Harlansburg, was the scene of a merry gathering Saturday evening when guests numbering approximately fifty, including neighbors and friends, assembled in surprise fashion to honor Mr. and Mrs. Norman Emery, a bride and broom of July 9.

Games and conversation filled in the hours and at a suitable time refreshments were served by Mrs. Walter Currie, with Mrs. Heckathorn, Mrs. R. J. Drake, Mrs. Anna Livingston and Mrs. J. R. Emery assisting.

Following the honored guests were showered with a large number of beautiful and serviceable gifts to use in their new home, rounding out a most enjoyable occasion.

The assemblage later joined others who had gathered in front of the house and tendered them a rousing sernade just as they were departing and to top off the evening, Mr. Emery and his bride were taken for the traditional 'ride" through the vicinity by Harold Shuler and his appointed group.

SEWING AT JAMESON HOSPITAL JULY 22

Sewing in the cool Solarium of Jameson Memorial hospital, will be held the coming week, Wednesday morning July 22, at 9 o'clock. Sessions will continue until the noon hour, and the meeting is open to all women of the city desiring to promote the good work of sewing garments and articles to use in the institution. It is hoped a large number will respond and give their services to this most worthy cause.

Recently a "motorcade" has been formed, and a committee of women will call for persons wishing to participate on the date, and take them home after the meeting. Mrs. James D. Crawford on Locust street will receive notifications for this accommodation.

BIRTHDAY HONORED AT SURPRISE EVENT

Monday evening, Mrs. Raymond Peluso of Winter avenue, entertained a group of guests informally at a surprise party, honoring her husband, Mr. Peluso, the occasion being his birthday anniversary.

An elaborate supper consisting of chicken and spaghetti, and all the side dishes that complete such a feast, was served at a large table appointed in all white centered with a large tiered birthday cake.

Following, the time was spent leisurely with music and conversation. At the close of the entertainment, the honored guest was presented with a number of handsome gifts, as remembrances of the day.

Carr Reunion At Park

The twenty-sixth annual reunion of the Carr family was held at Cascade Park Saturday, July 11, with a hundred or more in attendance. Dinner was served in the grove and following, a meeting was called when the same officers were retained for another year. They are: President, Newt Carr; vice president, Jess Carr; secretary, Gladys Patterson; treasurer, Ed Carr. Committees in charge of 1937 arrangements are: Table, Chester Glenn, Norman Patterson; coffee, Austin Carr.

In the day's entertainment was a bean contest with Minnie Dickey and Helen Carr receiving the awards. The youngsest member of the family in attendance was Beverly Carr, and the eldest was John Carr.

The place for the reunion next year will be decided by Bertha Carr, Margaret Gibson and Birdella Carr.

N. And N. Club

Miss Helen LaMarco, of ' Cherry St., proved a pleasing hostess to members of the N. and N. club at her home on the evening of July 12. The group attended a concert conducted in one of the local parks as the main form of entertainment.

Upon returning to their hostess' home, time was spent with cards and conversation. Misses Elizabeth and Rose Gitter received the high score awards. At a suitable hour, a dainty collation was served by the hostess at a table nicely appointed, with places marking for eight. Miss Mary Calvanese assisted.

In three weeks, the club will meet with Rose DeGennaro, on Wayne street. Later in the summer, a picnic will be planned.

L. A. B. Club Garden Party

Fifteen guests enjoyed the assembly of L. A. B. club members, held at the home of Mrs. George Hudson, Edenburg, on a recent afternoon, which took the form of a garden party. Special guests included Helen Patterson, of New York City, Mrs. William Maloney of Los Angeles, Calif., and Mrs. Carl Townsend, of this city.

Pastimes were most informal. prizes for the contests featured going to Mrs. Anna Williams and Mrs. Wm. Maher. The "peanut friend" gifts were exchanged which included the entertainment program. Following, the hostess served a cooling menu of refreshments with Helen Patterson and Mrs. Townsend, assisting.

NEW AUTO ACCIDENT THEORY

NOT drunken driving, careless driving, nor reckless driving, but sheer physical defects are responsible for 99 per cent of all automobile accidents, which last year caused a total of 36,400 deaths, according to a new theory advanced by Washington scientists of the National Research Council.

After examining thousands of drivers Dr. Edwin H. Silver, famous Washington eye surgeon, discovered between 17 and 19 per cent have vision so impaired that they menace human life on the open road. Luckily, Dr. Silver says, all but one per cent of those with defective vision—vision so bad that they cannot see to drive safely—can have their eyes corrected.

Next to bad eyesight, the principal group of dangerous drivers, he discovered is that with "retarded nerves." There are many persons, he found, whose nervous reflexes are so slow they should be prohibited from driving.

Eventually he foresees nervous reaction tests for every driver. Those who fail to react swiftly to emergencies will be denied permits to drive.

"Automobile speed has increased three fold," Dr. Silver says. "Brain speed has not increased at all. The man whose reflexes are faster than normal has very little chance of steering into another car. The man whose reflexes are slow courts death."

Prospective automobile drivers should be made to undergo physical examinations almost as severe as those given an aviation pilot, Dr. Silver believes after long studies.

THE RAILROADS ARE COMING BACK

According to Railway Age the railroads of the country purchased $452,000,000 worth of material, equipment and fuel in the first six months of this year, a 60 per cent increase over the first half of 1935. This revival of buying is described as "spectacular," although in 1929 railroad purchases amounted to a billion and a half dollars.

The automobile industry has been counted on as a chief factor in achieving complete recovery, but the railroads are beginning to give a stimulus to the hitherto stagnant heavy industries that may prove equally important.

The new low passenger rates on the Eastern railroads have not yet been in effect six weeks, but the number of passengers is running about one-third larger than last year. It is estimated that about 600,000,000 passengers this year will pay $500,000,000 for their tickets. But in 1926 more than 850,000,000 passengers paid $1,000,000,000. The decline in travel then set in, years before the depression, and steadily continued.

Business recovery, faster trains and better equipment are held to be factors in the railroads' laborious progress out of the red. The lower fares have not yet had an opportunity to demonstrate their effect on net revenues in the East.

Evidently the carriers have still a long way to go before receiving their fair share of prosperity. But considering the heavy handicaps of motor competition, the strait-jacket of excessive regulation, the threat of burdensome New Deal legislation which was knocked out by the supreme court and the continual menace of even more discriminatory measures, the railroads have made an admirable record.—Philadelphia Inquirer.

CONFLICTING OPINIONS

The administration appears to be working against itself over the plight of western farmers suffering from the ravages of the present drought.

On the one hand the department of agriculture is attempting to aid the farmers in their almost futile efforts to overcome erosion and soil-drifting, while the resettlement administration seeks to move farmers from the drought-ridden sections to more fertile land beyond.

The Portland Oregonian, an outspoken critic of the new deal, says: "We wish the marginal farmers of the middle west and great plains would move to our part of the country and get it over with. They will have to come sooner or later anyway, so why all this painful and long-drawn period of transition? What is the use of fighting against the inevitable? In the marginal regions, dry years are as certain as the coming and the going of the seasons. And no national administration, Republican or Democratic, will be able to do anything about it."

Then, after decrying the fact that the government is doing nothing to aid the stricken farmers to move to more desirable farmlands, the paper continues: "The present administration is prolonging suffering and encouraging scores of thousands of farm families to hold onto soil-drifted holdings that must be sacrificed sooner or later anyhow."

But Mayor John Hipple, of Pierre, S. D., and editor of The Capital Journal, says editorially: "The latest government move, suggested to depopulate North and South Dakota in particular, by moving families of these states to other states on account of the excuse of soil erosion is so damnably ridiculous that the plan should be preserved and carved in stone to contribute a monument of folly that may be erected in future ages when the history of political horseplay is finally collected."

Of cource, there are conflicting opinions as to the desirability of transporting large numbers of families from their native communities to the "greener" fields further west. But why should there be such confusion as to just what the administration is actually doing? Newspaper reports indicate that the resettlement administration officials in North Dakota plan to remove some 200 families from the drought-ridden area to the greener eastern Red River valley, but the families to be moved have not been designated as yet.

WASHINGTON AT A GLANCE

Find Hamilton Not A Novice

G. O. P. Chairman Has Had Wide Experience In Political Field, Opponents Learn

STILL HOPE HE WILL MAKE ERROR

Central Press
Washington Bureau
1900 S street

By CHARLES P. STEWART
Central Press Staff Writer.

WASHINGTON, July 14.—John D. M. Hamilton, new chairman of the Republican national committee and manager of the Landon campaign, worries some of his associates by talking so much.

Their theory is that no politician can express himself as freely as Hamilton has done without, sooner or later, saying the wrong thing.

Democrats, contrariwise, are hopeful that that is just what he'll do.

Hamilton has not, as a matter of fact, fallen into any serious errors thus far.

He has made some probably exaggerated claims, but that isn't bad technique. He has said nothing needlessly to antagonize a considerable bloc of voters, such as Democratic Chairman James A. Farley's reference to "typical prairie states".

* * *

NO TYRO

The truth is that politicians of both parties have made the mistake of assuming that Hamilton is a tyro.

He isn't.

He is in his middle 40's. He studied politics under the late David Mulvane, than whom there has been no craftier political manipulator in recent American history. He has been speaker of the Kansas house of representatives. He ran for governor, and although he was beaten, it was in a year when no Republican could have won.

He is mentioned as "young" John Hamilton, but in reality he is well out of the kindergarten and up in the grades, if not in high school or above.

He is old enough to have judgment; not too old to have pep.

* * *

GOOD MANAGER

Young John put on a dandy show for Landon at the Cleveland convention, completely drowning out the clamor for all other Republican aspirants.

Yet he did not anger Landon's G. O. P. rivals.

Hoover got a fine reception. Knox seemed satisfied with his vice presidential nomination. Vandenberg is a pro-Landon campaigner. Borah supports the Republican ticket.

Considering that the Cleveland convention was expected to be a cat-and-dog fight the accomplishment of such harmony was a remarkable achievement.

It was due mostly to young John's good management—no youngster's stunt.

* * *

TOO SNAPPY?

Hamilton's one weakness has been a certain snappiness in dealing with the newspapermen.

He has irritated several of them by the shortness of his temper. I can't charge that he has fretted me personally, but I have heard a number of members of the corps speak harshly of his attitude.

The great strength of Postmaster General Farley (now on leave of absence from his cabinet job) has been his popularity with the group of Washington correspondents. Many of their papers have been anti-administration, but their representatives have liked Farley individually. He has been uniformly polite and accommodating. Hamilton is accused of a brusque impatience with the scribes—even those who are disposed to be friendly to his cause.

* * *

CONTRAST

Farley is strong on Broadway but weak in the "prairie states".

Hamilton is vice versa.

The balance is what is to be reckoned with in the coming election.

The respondent was being examined in lunacy proceedings.

"Who was our first president?"

"Washington."

"Correct. Who was our second president?"

"John Adams."

"Correct." There was a pause.

"He's doing well," whispered a friends to the 'awyer. "Why don't you keep on?"

"I'm not sure who was the third president, myself, are you?"

Hints and Dints

Sun sets tonight 7:28; sun rises tomorrow 4:43.

All that stuff Gov. Landon hands out not only sounds good but it is sound and the people have confidence in what he says.

Maybe it is because somebody once said coffee is bad for a person that it maintains it's popularity.

Medical experts say that chances for a man 97 years old living to be a hundred are poor. We are not an expert but will say that any man who lives to be 97 should not worry about living any longer.

Our position on the money question is like this: If anybody feels like giving away his money because he thinks it's going to be no good, we'll take it.

Business is coming back to New York hotels so fast since repeal that the supercilious clerk who has been quite affable for several years is getting back his old technique of looking right over your head.

Here is Mr. Schwab's musical stunt: The man who is filling the public eye so much, Charles M. Schwab, showed his marvelous mental versatility when, as a much younger man, he used to play the piano. To the amazement of his friends, young Schwab would play "Yankee Doodle" with his left hand and "The Star Spangled Banner" with his right hand and whistle "Home, Sweet Home"—all at one and the same time. It is said by musicians that even with a trained musical sense this feat is not only difficult but almost impossible.

Our lives are set to bells. Ever think of that? We are summoned to meals by bells; to the telephone; to the door; to church; the locomotive bell has not yet gone out; we still put a bell around a cow's neck; our time is announced to us by bells; fires are announced by bells; the bell is tolled at funerals. The bell touches every phase of human life, and even in this war all sorts of attacks are announced by bells.

At many a war funeral in England the old practice, in the rural districts, of turning the beehives so that the door to the hive may not face the funeral procession as the body is being driven out of the grounds, still prevails. This is based on the old idea that bees will immediately desert a hive or place when a person in the family passes away.

In this country over the telephone we say "Hello," while in England they say "Are you there?" Which seems more logical because if you're not there, then of course there is no use going on with the conversation.

Fable: Once there was a woman who lived in a house and didn't wish for another room or another closet.

The Hints and Dints man would much prefer to be a "house guest," the society editor writes about, than just be one of those ordinary kind who has to stay out in the garage.

A lady in McKeesport in her divorce suit says her husband kept a hammer and an ice pick beside their bed. He also told her once while eating dinner that it was her last meal. It does look as if he didn't have those things around to make chocolate fudge with.

Don't you detest the rascals who point out the other rascals to detract attention from their own rascality.

MASTERPIECES

The three greatest masterpieces in literature, it is said, are the Lord's Prayer, the Twenty-third Psalm, and Lincoln's Gettysburg Address.

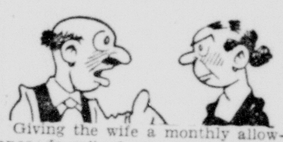

Incidentally, recall their wording:

"Our Father which are in Heaven, Hallowed be thy name."

"The Lord is my shepherd; I shall not want."

"Fourscore and seven years ago."

Not a three-syllable word in them; hardly any two-syllable words. All the greatest things in human life are one-syllable things—love, joy, hope, home, child, wife, trust, faith, God. All great things are simple.

Giving the wife a monthly allowance doesn't change anything except that the husband is the one who says "gimme."

The thrifty man attributes his splendid capacity for getting hold of money to the other fellow's splendid capacity for getting rid of it.

Even if the jails are cool places in the summer and have been called coolers for years, many people would rather be out in the heat.

It is a wise squealer who borrows money from a brother gun man to keep that gentleman from killing him.

We heard a man say some people are long in making rules but short on experience. Ain't that the truth?

George had not been overkind to his wife when he left for camp. And the prospects for his wife when he returned were not any brighter when she got this note from him:

Them white folks here put some sirup in my arms from the blood of a mad bull and a game chicken that will make me fight a cannon, and I is already feeling like fighting. When I comes home wid that fighting blood in me, if I finds out you ain't been doing right, watch out for George; and I knows how big you are.

The wife took the note to the judge of the county in which she lived.

"Well, Eliza," said the judge to the colored wife, after he read the letter, "what can I do for you about this?"

"Judge," replied Eliza, "Ise wan' a divorce or sum of dat sirup."

One way to attract woman to the back of the house is to call her kitchen artistic.

They had meatless days years ago in the British navy when on two days in the week, and later on one day, no meat was given the crews of the ships. They were known as banian days, after an East Indian sect which rigorously avoided the use of meat in their diet. When poor fare is doled out now to the British tars, it is still dubbed "banian fare."

When they shot little Fido he wasn't what you might call mad, but he wasn't any too highly pleased either.

When the body of a man is found hanging on a tree in a golf course it may be he hanged himself on account of a rotten game. Anyhow, a man who is not a golf player never goes onto a golf course except to cut the grass.

Ambition never is satisfied. When a boy grows big enough to wear his father's sox, he longs to grow into the old man's shirts and tuxedo.

A FIGURE PUZZLE

Open a book at random, and select a word within the first ten lines and within the tenth word from the end of the line. Mark the work. Now double the number of the page and multipy the sum by 5.

Then add 20.

Then add the number of the line you have selected.

Then add 5

Multiply the sum by 10.

Add the number of the word in the line. From this sum subtract 250 and the remainder will indicate in the unit column the number of the word; in the tens column the number of the line and the remaining figures the number of the page.

When a pugilist in the ring hears applause for his opponent, at least it gives him a feeling of security—he knows he is still conscious.

A milk name: What is it? someone asks. It's like the first teeth called "milk teeth." In China a girl baby is given a first name which is called a "milk name." She keeps this until she marries and then gets a new name. A Chinese boy changes his milk name for another the first day he goes to school.

Americanism: Praising the government when it reduces crops to raise the price; praying for relief, when Heaven helps the good work with a drouth.

Seems to us those Dionnes should name that last boy "Enough." They will bust up the government of Canada if they are not stopped.

"Honesty is the best politics," sounds just fine, but I don't suppose anyone will take it seriously.

Good Taste

By FRANCINE MARKEL

DEAR MISS MARKEL: Is it permissible to speak to all fellow-guests at a party or must I wait for an introduction?—H. L.

Answer: At a small, informal affair, you may, with propriety, speak to all guests present, even though you have not been introduced. The sanctuary of a friend's home then precludes the necessity of an introduction. But at a very large party, such as a dance, a formal tea or a wedding breakfast, do not speak to those whom you have not met, unless you find a stranger who shows a willingness to be friendly. And even then, if your remarks are coolly received, do not venture further.

Of course, you should talk to those sitting beside you at table and all those near you in a small group. This you should do, even though no introduction has taken place or whether these persons are your bitterest enemies.

Dear Miss Markel: I find it very difficult to eat a salad without the aid of a knife. Must I struggle to break it apart with my fork?—A. T.

Answer: You may cut it with a silver-bladed knife. It is almost impossible to eat head lettuce without first cutting it with a knife.

Await Farm Relief Plan.
Wall Street Fears Taxes.
Detroit Has Super Bank.

By LESLIE EICHEL
Central Press Staff Writer

WALL STREET awaits with trepidation the announcement of definite plans by President Roosevelt of a long range farm resettlement program for the stricken grain states. This program is expected to rival if not surpass the TVA program.

The stricken farm states, of course, await the plan with some eagerness.

Wall Street fears the taxes.

* * *

FOOD TARIFFS

Senator William E. Borah began his campaign of renomination by declaring for higher tariffs on food imports.

Urban populations, however, are demanding all tariffs off. Prices already are out of reach for many.

* * *

BUSY DETROIT

From all indications, Detroit has made the greatest comeback of any large American city.

Plants have been expanded on a large scale.

Ford Motor Co. has not been able to expand its power plant at River Rouge fast enough to keep up with the demand.

The plant, greatly enlarged, now could supply the power for a city the size of Chicago. Still, the enlarging continues.

* * *

MORE MONEY

American automobile buyers are not confining their purchases to smaller cars.

The percentage of increase in car purchases this year is larger for higher priced cars than for lower priced cars. Of course, the lower priced cars still form the bulk of the industry, by far.

* * *

MAGIC WAND BANK

In the darkness of the bank-crashing days, Detroiters were fearful the city had been drained of money forever.

General Motors and other industrial giants began a new bank then—the National Bank of Detroit.

It had $10,500,000 in preferred stock, $5,000,000 in common stock. The big men were fearful of selling the little fellows any stock. Banks were a risk in those days.

Now, the profits of those original investors is something to write home about.

That meager bank—for a city the size of Detroit—today has resources of $427,413,179.24.

It is tremendously solid. To meet its $398,609,398.65 in deposits it has on hand $180,033,196.13 in cash, $183,453,578.86 in government securities, etc. Its loans and discounts amount to merely $45,789,117.14.

Bankers will have to say whether that is too liquid.

* * *

UNUSUAL

Some "experts" in Wall Street are predicting a "bull" market straight through election year.

That would be unusual.

The immense flow of government money, finding its way into all forms of business, is given as the reason. That, of course, is inflation. The real guessing is on when the bubble will burst. That, however, will be some time after the election.

The worst feature—as some Wall Streeters see it—is the encouragement given the Lemke-Coughlin inflationists and the Townsend Pensionites. They will see business moving upward from government expenditures (in spite of drouth and disaster) and will assert that their own brand of inflation would cause business to move upward still faster.

In opposition, the conservative Republicans and the Socialists probably join hands for the first time. But the Socialists desire a co-operative world, which the Republicans decidedly don't want. Yet only the extreme conservatives and the extreme liberals see disaster in public spending-inflation policies.

It is believed to be the oldest existing charity institution.

July 14, 1789—The Bastille fell, an event commemorated ever afterward by all Frenchmen as liberty day. Yet the Bastille wasn't destroyed that day, there were no political prisoners in it to be freed, and Louis XVI continued to be king for three years longer! Instead of the hundreds of sufferers from tyranny which the mob expected to find in the Bastille, there were only seven inmates, and none were political offenders.

The key to the Bastille is in the U. S., a present to George Washington from French revolutionists.

July 14, 1850—The world's first ice machine was first used as a refrigerator by its inventor, Dr. John Gorrie, in Apalachicola, Fla., then an important seaport.

It was also the first air-conditioning apparatus. Dr. Gorrie was primarily interested in lowering temperatures of rooms and hospitals filled with sufferers in a fever epidemic.

The possibilities of his invention were slowly realized. He received no profit from it. He gave it to the world as freely as he did the principles of malaria control, which he worked out, and saved Florida from being made a wasteland by fevers.

July 14, 1908—Captain George W. Johnson arrived in New York after rowing from St. Augustine, Fla., in a boat made of paper! (Pressed pulp.) He had averaged 30 miles a day.

His feat is overshadowed by that of two Norwegians who rowed across the Atlantic to New York in 1898.

It's True—The dryest city in the world is thousands of miles from the Sahara. It's Arica, on the west coast of South Africa, which has an average yearly rainfall of only .02 inch a year, the lightest recorded anywhere on earth.

On the other hand, Baguio, in the Philippines, once was deluged with 46 inches of rain in 24 hours!

Cats, bats, owls and other creatures which can see in the dark really haven't any keener sense of sight than humans. Their eyes open wider, admitting more light than do those of humans.

Harry Rudy, Dayton, O., operates a machine with motive power supplied by mice running in small cylinders.

"You're wrong if you believe golden rod causes hay fever," writes Dr. T. M. Watson. "Its pollen is too heavy to be carried any distance in the air. Seventy per cent of hay fever in this country is caused by ragweed, but it can be caused by chewing gum!"

Ninety per cent of all the clothing in the world is made of cotton.

Queen Catherine of Russia paid the highest medical fee ever recorded in history—$50,000 and an annual pension of $2,500 for life—just for being vaccinated!

The World AND THE Mud Puddles

THAT OLD ALBUM.

How about your old autograph albums? Let's have a showng of hands. A friend has one in his desk, a present from his father in 1887. It was his only Christmas present that year. Here are some of the thoughts his schoolmates expressed:

"Do not forget the Golden Rule and learn your lessons well at school."

"Forget me not, forget me never, till yonder sun shall set forever."

"True friends, like true diamonds, are precious and rare; false ones like the leaves of the forest-found everywhere."

"When you make your wreath of friendship, place therein one leaf for me."

"May the strong wings of innocence protect thee ever."

"Count that day lost whose low descending sun sees from thy hand no worthy action done."

Hearing Is Held In Bicycle Case

Purchaser Of Bicycle Is Held Under $500 Bail After Testimony Is Heard

After hearing testimony today, Alderman James C. Brice held Westell Aiken of Dewey avenue in $500 bail on a charge of receiving stolen goods. The case is one in which Aiken who conducts a bicycle shop is charged with having bought bicycles from Ernest Sylvester, who has confessed to their theft.

Chief of Detectives Ray Showalter was called and testified that they had found a bicycle in the possession of the son of Mrs. Lillian Long of Boston avenue. Investigation proved that Mrs. Long had purchased the bicycle from Westell Aiken at a price of $13.95. Apprised of the fact that it was a stolen bicycle Mrs. Long then demanded and received her purchase money back from Aiken. The police held the bicycle.

Ernest Sylvester a boy of 15 of Lyndal street testified that he had stolen a number of bicycles in the past year and that two of them he had sold to Aiken, one at a price of $2.50 cash and $2.50 trade, and another for $6 cash. He admitted that so far as he knew Mr. Aiken did not know the bicycles were stolen and said that Aiken had taken his name and address and the school he attended.

In his own defense Aiken was called and said that he had purchased a bicycle from Sylvester but had no knowledge that it had been stolen. He said that he now kept a record of bicycles bought and sold but that previous to July 1 he had not kept a complete record. He denied ever having bought any bicycle with the knowledge that it had been stolen.

Alexander Coppola Dies At Farrell

Word has been received here of the death of Alexander Coppola, 55, who died suddenly from a heart ailment at Farrell yesterday. He is survived by three brothers, Dominick and Anthony of this city and Albert of Columbus, O. Funeral services will be held from St. Anthony's church, Farrell, Wednesday morning.

TWO SMALL FIRES ARE REPORTED HERE

City firemen were called out twice last evening by small fires.

At 5:40 an alarm from Box 28 summoned firemen to the shoe repair shop of James Caravella, of 101 North Mill street, where gasoline, being used to clean a stitching machine took fire. The loss was around $10.

At 6:40 a car owned by Clyde Williams, of R. F. D. No. 7, was noticed smoking as it passed Central fire station. Firemen caught up with the machine in back of St. Joseph's church on South Jefferson street and found the smoke was coming from a piece of rag wrapped around the horn, which was touching the hot exhaust pipe. No action was taken by firemen.

Landon Strong In Northwest

Former Idaho Senator Says G. O. P. Has Good Chance Of Carrying District

SENTIMENT FOR LANDON GROWS

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

TOPEKA, Kans., July 14—"Governor Alfred M. Landon has a fine chance of carrying the northwest," former Senator John Thomas, of Idaho, declared here today as he arrived for a conference with the Republican presidential nominee.

He was accompanied by E. G. Bennett, of Ogden, Utah, former member of federal deposit insurance corporation and business partner of Marriner Eccles, federal reserve board chairman. Bennett shared Thomas' enthusiastic predictions for Landon.

"I came here to visit with Gov. Landon about the situation in the northwest," said Thomas. "I think the situation there is very good and that Governor Landon has a fine chance of carrying the northwest. He has a distinct appeal to our people.

"Our people believe he understands their problems and will make an able, courageous, sincere administrator of public affairs."

To this, Bennett added:

"The sentiment for Landon is growing rapidly throughout the west. I expect him to win most of the inter-mountain states."

Commission Will Examine Woman In Death House Cell

Governor Lehman Dispatches Commission To Examine Mrs. Frances Creighton

(International News Service)

ALBANY, N. Y., July 14.—Governor Herbert H. Lehman today sent a commission of five members, including four physicians and his personal counsel, Charles Poletti, to the Sing Sing prison death house to examine Mrs. Frances Creighton, scheduled to die Thursday night for the poison murder of Mrs. Ada Applegate. Mrs. Creighton has appealed for executive clemency.

The governor has been informed that Mrs. Creighton is in such physical and mental condition that she will have to be carried to the electric chair if permitted to die this week.

Everett Applegate, husband of the slain woman, also is scheduled to die Thursday night for the crime. Applegate, a former Legion official, is said to be bearing up well.

NEW PROMISE HEAT RELIEF IS HEADED EAST

(Continued From Page One)

to a nation appalled at the staggering death toll taken by the eleven days of unabated heat.

"I don't think it will be 'lost' again, as was the cool weather of Sunday," he added.

The mercury skidded in thermometers in the far northwest last night, as the first effects of the chilled blasts from the northern Pacific were felt.

Mercury Drops

At Bismarck, No. Dak., the temperature dropped from a maximum of 98 degrees to 76. Williston, No. Dak., reported a reading of 66. Duluth thermometers dropped from 106 degrees to 78.

Yesterday, the 11th day of the heat wave, was described by Lloyd as the most intense in the history of the weather bureau.

Of the 43 stations in east central and west central states reporting to the Chicago weather bureau, he said, 33 had temperatures of 100 degrees or more.

Officials gave up in their attempts to estimate the loss of life, but it was conservatively estimated the withering heat has taken 1700 lives. In Chicago alone, 167 heat fatalities have been listed. In Michigan the toll approached the 400 mark. Dr. W. T. Ryan, chief medical examiner at the Detroit morgue, declared after supervising 150 autopties in 36 hours: "I have never seen anything like it in my 16 years of experience here."

Detroit Has Many Deaths

In six days 81 deaths were recorded at the Eloise hospital for mental diseases, in Detroit. Prostration victims lined the corridors of over-taxed Detroit hospitals and the morgue was a scene of tragedy as weeping men, women and children moved among the crypts seeking to identify the bodies of loved ones.

A similar situation prevailed in St. Paul and Minneapolis, where police squad cars were utilized as ambulances to rush prostration victims to hospitals.

In Chicago the coroner's office reported the average daily number of deaths (all certificates in cases of "sudden" deaths must be signed by a coroner's physician) has tripled the past three days.

Milwaukee's death rate per 1000 population was 10.1 last week, in comparison with 7.8 for the same week last year, and 6.4 for the same week in 1933. The rate was expected to mount even higher as extreme high temperatures continued over the state. The mercury touched 106 at Madison yesterday, an all-time high.

75 Lives Per Hour

It was estimated the blazing sun took 75 lives an hour throughout the nation yesterday, despite a dropping of temperatures in the east where New England, New York State, Georgia, Virginia, South Carolina and Connecticut were afforded relief.

"No other heat wave can approach this one in severity," forecaster Lloyd said today, amploying his prediction of definite relief, he declared:

"The cool wave is on the march again. It lost its original force in coming over the Rocky Mountains and in meeting the barrier of heat overlying the western prairies.

will sever, but true friendship lives forever."

"Remember me early, remember me late; remember that I am your schoolmate."

"There is a small and pale blue flower, that twines around the shepard's cot, and in the lonely dead of night whispers softly, 'Forget me not.'"

"May your friends be added, enemies subtracted, joys multiplied and sorrows divided."

"If you are tempted to do wrong toward your fellowmen, don't let your feelings master you—control them if you can; and very soon you will find it true and in the end it will pay—to remember where there is a will, there is sure to be a way."

NEW FLOGGING CASE REVEALED

(International News Service)

CONWAY, S. C., July 14.—County and state authorities joined hands today to ferret out a band of approximately 5 white-robed men who last week abducted Monroe Fowler, 40-year-old farmer living near the North Carolina line, and brutally flogged him with a leather strap, beating him almost into unconsciousness.

The flogging was not revealed by authorities until today.

Although the flogging took place only a few miles from the scene of similar floggings recently administered a number of persons in Columbus county, North Carolina, the latest outbreak of violence apparently had no connection with the North Carolina beatings, according to Sheriff W. E. Sessions of Horry county.

Ralph McCormick Gets Tin Mill Car

Announcement was made today by Harry T. Jones of the Employes' Representative Association of the Carnegie-Illinois Steel Corporation, that Ralph McCormick, a heater on mill No. 40 of the Shenango plant, had been awarded the automobile given away at the tin mill picnic on June 27.

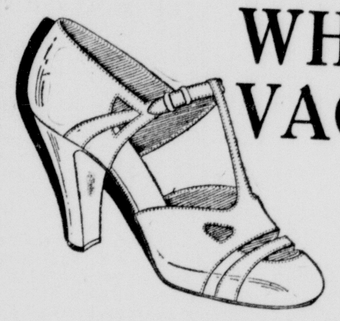

When the drawings were made on the picnic date, no one claimed the car and on Saturday another drawing was made. By a coincidence, the winner of the second gift, a refrigerator, Randall Armstrong, is also a heater on the same mill.

Guests In Auto Recover Damages

Judge James A. Chambers Refuses New Trial In Jinks-Currie-Cooperstein Case

Judge James A. Chambers this morning filed an opinion at the prothonotary's office in which a new trial is refused in the case of Bertha Jinks and Albert E. Jinks, her husband, against Nancy B. Currie and Israel Cooperstein.

The case was one growing out of an automobile accident on the New Castle-Harlansburg road, a short distance outside of the city limits. Following the trial of the case a verdict was rendered in favor of Bertha Jinks for $3,458.38, and in favor of Albert E. Jinks for $2,507.

Albert E. Jinks and his wife, Bertha Jinks were guests in the car of Nancy B. Currie. They were coming toward New Castle and Mrs. Currie was driving. Israel Cooperstein was driving ahead of them in a truck in which were some cows.

Near the foot of the long hill east of the city there is a road leading to the south past a little old school house. Cooperstein intended to drive into this road and pulled off a little to the right to make the turn. Just then Mrs. Currie attempted to pass the truck, and as Cooperstein swung around, there was a collision, in which Mr. and Mrs. Jinks were severely injured.

The suit by Mr. and Mrs. Jinks was brought against both Mrs. Currie and Cooperstein and it was stated in the verdict that the damage awarded was against both of them. Following the verdict the defendants made application for a new trial. As the case stands at present the verdict must be paid.

ANNOUNCE WEDDING OF LOCAL COUPLE

Announcement was made today of the wedding of Joseph J. Parker, son of Mr. and Mrs. W. L. Parker of 1026 South Mill street, and Miss Velma Gerlow, daughter of Mr. and Mrs. M. Gerlow of Carnegie, Pa., which occurred Monday afternoon, July 13, at 12:30 o'clock in Wellsburg, W. Va. The ceremony was performed by Rev. Wade of the Wellsburg Baptist church.

Mr. and Mrs. Parker were attended by Mr. and Mrs. Paul Burrows of New Castle. Mr. Parker is employed by the Chambers Motor company, and the bride has been a resident of New Castle for some time, being employed by the Claffey Beauty Shop.

HONOR BIRTHDAY OF MRS. DURANT

Honoring the 83rd birthday of Mrs. Lovina J. Durant, of Chestnut street, pioneer local resident, members of the Patterson and Durant families gathered at Cascade Park Sunday for a family dinner.

Covers were laid for 83 guests, the park tables being prettily decorated with garden flowers, which surrounded two large birthday cakes.

Mrs. Durant attended the old Reynoldstown school and is one of the active members of its Alumni group which gathers each year for the reunion in the old school building. She also taught, being one of the few surviving teachers of the old days of that school.

Out of town guests present included Mr. and Mrs. Paul Campbell, of Butler, Mr. and Mrs. Herbert Patterson and daughter, Miss Lucille Patterson, of Youngstown and Mr. and Mrs. Donald Burns and children, of Niles, O.

Class Honors Birthday

Mrs. E. U. Snyder was hostess to the United Workers Bible class of the First Baptist church Friday morning at a breakfast on the lawn of her Winter avenue home.

The event honored the birthday of one of the members, Mrs. Martha Zeigler.

Tables were arranged on the lawn and twenty-four members and guests were accommodated. In serving the hostess was assisted by Mrs. Frank Bouden, Mrs. Chester Craft, Mrs. Frank Houk and Mrs. Bertha Klingensmith. A lovely birthday cake, illuminated by yellow candles, was included on the delicious menu.

Mrs. William Hockenberry, the president, was in charge of the business and devotional parts of the morning gathering.

Miss Buchholz Honored

The Hearthstone, Sharon, was the scene of a charming party one evening last week when Miss Jane Service presided at an evening bridge. The function, which interested 24 guests, was for the pleasure of two Sharon brides-to-be, Miss Katharine Buchholz, financee of Stanton Wettich, of New Castle, and Miss Margaret Lytle, who will wed Dr. Malcolm Hawk, Youngstown.

Bridge honors went to Miss Hannah Matilda Powell, Mrs. Clifford Miller and Miss Betty Roberts. Each of the honored guests received a gift from the hostess. At the conclusion of the card play dainty refreshments were served.

DINNER PARTY FOR MISS SUSAN WALLACE

One of the numerous parties planned for this week and next in honor of Miss Susan Wallace, who is to be married on July 24, took place Monday evening in the home of Mrs. Ernest King, Thorpe street.

Mrs. King had for guests the members of the Stitch-a-Bit club and a number of other young women. A delicious dinner was served at a long table in the dining room at 6:30 o'clock. A cool and pretty color scheme of yellow and green was used in a clever fashion and a low bowl of sweet peas graced the table center.

After dinner Miss Wallace was presented with a beautiful occasional table from the club and miscellaneous gifts from the other guests. Later card playing was enjoyed and the score honors were achieved by Mrs. Robert Kyle and Miss Elma Badger.

SYLVIA LEE MARTIN RECEIVES DELTA CLUB

Miss Sylvia Lee Martin, entertained as her guests Monday evening, members of the Delta Bridge club. Because of the extermely warm weather, the usual round of card playing was dispensed with, and the girls enjoyed an informal time of chatting, sitting about the Martin rock garden, "keeping cool."

At a later hour, they were invited into the dining room where they were served a refreshing menu, at a table nicely appointed in keeping with the season suggestions. Miss Anna Mae Hazen, a special guest of the occasion, assisted the hostess.

Their next assembly is set for August 10 with Mrs. Carrie Wharton hostess.

G. E. M. Girls

The girls of the G. E. M. class of the First Baptist church, enjoyed a picnic supper Monday evening, at the home of Mary Hackett on Butler avenue, marking one of the special social events of the summer season.

Tables placed about the front lawn, were decorated with clusters of flowers, and surrounding the group were hedges of shrubbery and blossoms adding further to the colorful setting. A delicious menu was served by the following committee, Mary Hackett, Betty Schunk and Marian Garrett. The hours that ensued, were spent informally.

Allshouse Reunion

The annual reunion of the Allshouse family took place on Sunday in the grove at Cascade Park. A delicious dinner was served at 6 o'clock.

Swimming was the popular pastime. The event was a marked success. Out-of-towners included Mr. and Mrs. M. J. Allshouse and children Jean and Billie, Mr. and Mrs. R. Hoke, Mr. and Mrs. Albert Hoke and Donna Jean Allshouse, all of Youngstown.

Lions Give Leader Convention 'Tips'

President Numa F. Vidal, Jr., of the Lions club showed his fellow Lions today that he can take it!

While the mercury boiled at an officially-reported mark of 98 in the shade, King Lion Vidal, at the club's weekly luncheon, heard fellow Lions who have attended past Lions International conventions hand out "advice" that he should take with him to the approaching Providence, R. I., conclave.

The good-natured fun enlivened the heat-wilted members. Little of a serious nature prevailed.

The speakers were past presidents of the club.

Last Chance Is Extended Lewis

Labor's Greatest Internal Conflict Is Approaching Climax

By EDWARD B. LOCKETT
International News Service Staff Correspondent

WASHINGTON, July 14.—With complete finality, the American Federation of Labor today extended to John L. Lewis and his "Rebel" Industrial Union forces, a last chance to abandon their drive to independently organize the steel industry.

Lewis has no idea of accepting this offer of surrender, and thus zero hour approached in labor's greatest internal conflict since 1886.

A final session of the federation executive council, which has been sitting for a week, was to conclude the preliminaries. The council sat today to give an opportunity for two of the twelve unions enlisted in Lewis' committee for industrial organization, to appear and "explain" their defiance.

Already, the council has "invited" six of the CIO unions to appear, and for each of the six, has assembled at a specified time. Not one of the CIO unions has appeared, and none was expected today. The "invitations" for today's appearance was extended to the Oil Field Workers' Union, and the Cloth Hat and Cap Millinery workers.

When today's empty formality of waiting for the appearance of union representatives whom the council knows will not turn up is accomplished, the federation and the CIO battle lines will be sharply drawn. After the council adjourns late this afternoon, it will have arrived at the point where a decision must be made which will perhaps change social history.

NOT THIS MR. THOMAS

The George Thomas mentioned in an account of an arrest is not George Thomas of Grant street, The News is told.

One of the wonders of the world is the "Citadel" built after 1811 by Henri Christophe, king of Haiti. It was erected on top of a mountain 2,500 feet above sea level in the heart of the jungle. The walls are 140 feet high and the main gun corridor is 270 feet long.

SEVENTH WARD NEWS

Many Attend Lawn Event On Monday

Immaculate Conception Sodality Have Outdoor Festival On Church Lawn

Bright, colorful lights arranged throughout the lawn surrounding the St. Lucy's church on Wabash avenue, attracted many local citizens on Monday evening, as they gathered there to witness an evening of excellent entertainment provided by the Immaculate Conception Sodality.

Attractively decorated tables were placed on the illuminated grounds, where bingo contests held sway during the evening. The feature event of the program came when the Seventh Ward Civic Band rendered a selection of delightful music. The band is under the direction of Victor Gaspare.

Delicious refreshments were served during the course of the evening.

Seventh Ward Civic Club Has Meeting

At the meeting of the Seventh Ward Civic club held on Monday evening in Horchler hall, East Cherry street, plans were made to hold another band concert at the North Liberty street park on Sunday, July 19. A discussion also followed on the problem of providing band uniforms for the civic band. The president, Ray Horchler, presided over the meeting.

Another meeting will be held in the near future.

BEREAN CLASS TO MEET

Mr. and Mrs. J. B. Bumbaugh will be hosts to members of the Berean class of the Madison avenue Christian church as they gather at their summer home at Cottage Grove, this evening, for a tureen supper.

CONFERENCE ON WEDNESDAY

The Fourth Quarterly Conference of the Mahoning M. E. church will be held on Wednesday evening immediately following the evening prayer service. Dr. T. E. Colley, district superintendent, will be present.

CLUB TO BREAKFAST AT PARK

Members of the W. A. G. Club will have their annual breakfast at Cascade Park on Thursday. A tempting menu will be served at 8:30 o'clock in the grove.

SNAPSHOTS AT CAMP PHILLIPS

(By N. R. Casillo, Director.)

NATURE HIKE

On Monday soon after detail duties were completed, the scouts attending mass camp went on a nature hike down along the Slippery Rock. They were accompanied by Scoutmaster McConaghy of Troop V-55 and by Scouter Casillo. Trees, birds, mammals, reptiles, fungi and flowers of various kinds were identified. At a vantage point, a considerable distance downstream, the group was assembled and listened to a talk on the geological history of the stream and its environs. The party arrived back in camp in time for the morning swim.

A number of scouts in both Troops V-37 and V-55 are taking tests for credits in the court of honor to be conducted on Friday evening. Swimming Director Elverson is to be commended for the competent handling of his charges.

MOCK TRIALS

At present the mock court trials that are held every evening are the rage in the way of campfire entertainment. On Monday night four "culprits" consisting of Bill Batten, Hunt Davis, Bob Miles and Bob Green were tried for "de-pantsing" one Dave Taylor down at the swimming hole. Judge Cole was on the bench and Jim Gravenstreeter was the prosecuting attorney. Two of the prisoners pleaded guilty with recommendations for mercy, while the other two pleaded not guilty. Appropriate punishments wede meted out by Julge Cole.

VISIT CAMP

On Monday evening the camp was honored by a visit of the members of the executive board of the Lawrence County Council. After partaking supper they held a business meeting. Those in attendance were Hans Drio, B. K. Thacker, Rex Patch, Ralph Davis, Bernard Hook, Charles Carbo, Rev. A. M. Stump, Charles Johnson and Secretary Grace Cummings.

Early Monday morning Scoutmaster Dr. Lutz led a group of Troop V-37 boys on a bird observation hike. A number of species were seen and identified.

A program consisting of classical and semi-popular songs dedicated to Camp Phillips is to be broadcast by James Bowman, a member of the camp staff, over a Youngstown radio station at 7:30 Wednesday evening.

LAX THE BLADDER

Make This 25c Test

If irritated or weak bladder causes getting up nights, frequent desire, scanty flow, burning or backache, drink six glasses boiled or distilled water daily. You know what hard water does to a teakettle. Also help flush out exress acids, waste and deposits with little green Bukets, a bladder lax. Two of the 8 time-tested ingredients are buchu leaves and juniper oil. If you are not pleased in four days, your druggist will refund your 25c. Eckerd's Prescription Druggists.

News Briefs From City Hall

Girl Preacher To Speak Wednesday

Betty Weakland At First Presbyterian Church At 7:30 Tomorrow Night

Betty Weakland, noted girl preacher from Cleveland, Ohio, who is scheduled to sing and preach in the First Presbyterian church Wednesday evening at 7:30 o'clock, plans to make evangelism her life work.

In spite of her exceptional abilities Miss Weakland is a normal American girl, full of fun, keenly interested in aviation and outdoor sports of any kind, especially tennis, swimming and horseback riding.

Last Sunday the girl preacher closed a week of meetings in the United Presbyterian church of Warren, Ohio, where large audiences greeted her nightly in spite of the intense heat. She will be in New Castle for this one service only. Her itinerary for this week includes Salem, Alliance, Hollidays Cove, W. Va., and Steubenville.

Special music will be an attractive feature of the service Wednesday evening. Assisting Miss Weakland will be her parents, Dr. and Mrs. J. Roy Weakland, her sister, Dorothy Lola, and brother, Roy, Jr., who has been a student in Randolph-Macon Military Academy in Front Royal, Va., for the past two years.

Let's have one more treaty binding all nations to hang the first man who advocates war.

Camp Rentz Now In Second Week

Y. M. C. A. Boys Happy As New Period Begins; Fifteen Newcomers

Camp Fred L. Rentz of the Y. M. C. A. opened for its second week of the summer season Tuesday with 72 boys, somewhat over capacity, registered on the rolls.

New teams for the coming week were chosen in one of the first activities of the newcomers.

At last night's campfire mention was made of the first-year awards which the first-week boys will receive later. Counselor Frank Baldwin leads the open campfire exercises.

Many of the 72 who camped last week remained for the second, although Camp Director Henry T. MacNicholas announced the following new youths:

Wilbur Gill, Jack Gill, Harold Myers, Richard Kohl, John Whited, Jack Butz, Jack Dunlap, Sam Badger, Richard Hite, Bobby Pyle, Max Hoover, Donald Jerryn, Harry McKee, Ralph Reed, E. Davis.

With first week of camp gone into the sands of time many fond remembrances of good times will be left in the memory of the boys who attended the first week and enjoyed the program which has been one for every boy to participate in. The hobby and model building are being attended exceptionally well under the tutleage of Richard Lour.

Captains of the second week teams follow:

The Fish Shooters—Capt. Bob England.

The Zoogoes—Capt. Dick McKee.

The Sluggers—Capt. McClenahan.

The Blue Birds—Capt. Bob Jackson.

Divorce Is Refused Pasquale Colecchi

Judge James A. Chambers Hands Down Opinion In Contested Case Today

In an opinion filed at the prothontary's office this morning, Judge James A. Chambers refuses to grant a divorce to Pasquale Colecchi from Pearl Colecchi. The application was made by Colecchi on the grounds of cruel and barbarous treatment. Among other things Colecchi alleged that his wife was not a good housekeeper and that she called him names.

Mrs. Colecchi contested the case, denying the imputation cast upon her housekeeping abilities, and charging that her husband was cruel toward her, often calling her names and reviling her. In his opinion Judge Chambers finds that there were faults on both sides, but he does not believe the evidence offered on the part of the husband to have been sufficient to warrant him in granting a divorce. It is therefore refused.

MORE FIREMEN ON VACATIONS

This week, firemen Wilmer Hawk, George Harper, and Patsy Audino, of Central Station, and Frank Gorley, Chris Kahrer, and Earl Patton, of the outlying stations started their vacations.

Those returning to duty after being away on their vacations were: Harry Colley, Ralph Montgomery, and Norman Minner of Central station, and Blaine Bumbaugh, Roy Samuels and Ira M. Rhodes, of the outlying stations.

Cooling Breeze Tempers Extreme Heat In Shade Today, Survey Reveals

THERMOMETERS EXCEED HUNDRED

Only a vigorous breeze from the northwest prevented considerable suffering here today, as thermometers went over the century mark in the shade.

While the official government thermometer showed only 98.5 degrees in the thermometer house at 1 o'clock this afternoon, other thermometers which were on the sheltered side from the breeze at the City of New Castle pumping station stood around 102 and 103.

The sun at noon today seemed terrific in the downtown district, particularly where the breeze did not strike one, and many complaints were heard about the extremene heat.

Residents are hopeful that there will be some relief before another day passes, as the hot weather has caused much suffering.

Repair Seventh Ward Fire Truck

Booster Tank Is Being Added To Seventh Ward Fire Wagon By City Mechanic Colnot

When repairs to the Seventh Ward fire truck are completed by City Mechanic Charles Colnot, the residents of the lower end of the city will have a real fire engine.

A booster tank, which will step up the force of the water in a line of hose, is being added to the machine which will give residents of the district better service.

While repairs are being made to the old machine, the White truck formerly used at No. 4, engine house is stationed in the Seventh ward.

Garden Forum Has Gathering Monday

Forum Of Lawrence County Garden Area Discusses Bird Show, Flower Tournament

The Garden Forum of the Lawrence County Garden area had a meeting in North street school Monday evening with Mrs. W. C. Eckenroad presiding.

The conservation committee, Mrs. Harry Sturdevant chairman, has made definite plans for a bird sanctuary to be established in the near future. This committee will also sponsor a bird show in November. The flower committee, Mrs. Irwin Rapp chairman, has apportioned to the member clubs periods during which flowers will be placed in the public library, Y. M. C. A., Y. W. C. A., New Castle and Jameson Memorial hospitals. The lists will be announced later, with Lawrence County Garden club supplying flowers July 20 to August 3.

Since many groups in the forum have already made plans for flower shows it has been decided to have no Garden Forum show until 1937. In the meantime intensive study of amateur flower shows will occupy attention of the various groups. The flower tournament will be useful in this connection since each exhibit will be a practical demonstration of how to place specimens for judging. The first exhibit was held under the auspices of the West Side Garden club, with Mrs. Carl Holmes in charge of entries . Judges were Walter Hemphill, Mrs. Belle Tullis, Mrs. Stewart Thompson. Chairman of the exhibit who provided the standards approved by the National Council of Federated clubs was Mrs. Paul Allen. The July rating is as follows:

Chinese delphinium, John Robinson, 85 points; giant petunia, Mrs. Cly Swogger, 80 points; Shasta daisy, Mrs. W. C. Eckenroad, 80 points.

The record of these exhibits will be kept and final results announced in December.

The program last night included an interesting roll call which revealed facts in the life of Audubon. Mrs. W. R. McKnight, reporting for the East Side Garden club, told of a red oak in Gaston park which is 270 years old. Next month Mahoningtown Garden club will report on an interesting plant specimen in Mahoningtown. Reports on Black Haw and Camphor trees were given by Mrs. William Howley and John Robinson. W. A. McCombs gave a talk on Humming Birds in the Garden, which led to some interesting discussion. Mrs. S. D. Pearson, program chairman, announced that Fred Grau of State College, will be present at the next meeting to speak on "Lawns".

Mrs. Eckenroad told of the progress of the Red Bud campaign and announced that the meeting of the forum in August has been transferred from the 10th to 17th.

SOLDIER'S SIGHT RESTORED BY USE OF 'MUD COLLAR'

(International News Service)

MOSCOW—Ninteen years totally blind as a result of a head wound, Alexei Kazimirow, 38, veteran of the World and Russian Civil wars, had his sight miraculously restored recently through use of a "mud collar".

A patient at an eye sanatorium near Simferopol in the Crimea, the ex-soldier submitted to a series of mud treatments suggested by a woman specialist, Dr. Olga Gavrilenko.

Within a few days after the mud packs were applied to his neck, he could distinguish objects at a distance of two feet. His improvement thereafter was rapid.

Physicians in the past who have examined Kazimirov's eyes said that the optic nerve had been destroyed. Dr. Gavrilenko, in a careful re-examination, found the nerve alive—and the curative properties of the mud did the rest.

Kazimirov was wounded in the south of Russia, a Red Partisan fighting against the White general Kornilov.

GIVES HIS VERSION

New Castle, Pa.
July 14, 1936.

Editor of New Castle News,
Dear Sir:

I am very much interested as well as surprised at the article in The News of July 13, in reference to the proposed street paving contemplated by the city for this summer, especially to the part pertaining to the slowness of the work.

The article states that the work has proceeded slowly owing to the lack of qualified foremen, according to city attaches. I want to state that there are qualified men, who are and have been residents, property-owners, and tax payers of the city for the past thirty five years or so. Some of these men have not worked for three years or more, but have made application on several occasions for one of these jobs, but have been refused or put off from time to time, and the only reason I can assign for it is politics, for their qualifications cannot be disputed for any line of work connected with the program.

No, when they try to make a grading or paving foreman out of a salesman, a tinner, a lineman, or an insurance agent, who never had a day's experience either as a foreman or laborer on any kind of construction work, other than their own line, you cannot expect good results. Some of the laborers working on some of the projects now in progress know more about the work than the foremen who are over the things do.

I have tried for the past three years to get on one of these jobs, had the endorsement of the past Democratic county chairman for a foremanship on the state highway, but you know there is more than one way to sign a politican endorsement and mine was signed the wrong way. I've been there before. Then I am registered as a Republican. My qualifications and physical requirements are equal to any and far superior to many that are holding down some of these jobs and some that are not in need of work. I need and want the work.

Civil Strife In Ethiopia, Corruption And Bribery, Helped Italian Conquest

(International News Service)

LONDON—Abyssinia lost the conflict with Italy because it was a country torn by civil war, filled with bribery and corruption, led by selfish and incompetent leaders, and utterly unfit to be an independent nation.

Such is the opinion of Henry Dobinson, secretary of the British legation at Addis Ababa from 1926 to 1928, who has returned to England after six months' with the British ambulance service in Ethiopia.

"Those six months made me completely change my opinions," Henry Dobinson said on his return. "I went there to help what I considered the under-dog fight against unfair odds, as many another man did. And, in company with many others, in the end I was glad that the Italians won."

Practically all Europeans in Ethiopia hoped that the Abyssinians would be beaten, Dobinson stated, but they would have preferred any other country than Italy to have annexed the state.

"The reason for the collapse of the armies of the emperor is simple," he added. "Each of the many nations out of which the country was made up loathed and distrusted the others, and at the first opportunity flew at each other's throats.

"In addition there was insufficient food provided for the armies, and consequently they lived on the country, more like hordes of brigands than organized forces.

Also there was deep suspicion among the Abyssinian soldiers that they were being betrayed by their own government. This feeling was intensified by the absence of Abyssinian airplanes. It was believed that the government was pocketing the money intended to buy them.

"Towards the end civil war broke out and the country split to pieces; I understand that the emperor on his way back to Addis Ababa was attacked several times by his own troops."

"With regard to the atrocities, I think you can take it that the accusations of both sides are true,' Dobinson added. "The situation was aggravated on the Abyssinian side by the fact that the Danakils and certain other tribes are not allowed to marry until they have mutilated at least two enemies, and the war gave them a great opportunity.

"On the other hand, however, it is fair to say that the mutilations, in practically every case, were done after death and not in a spirit of revenge, but as a matter of custom."

There were thousands of dum-dum bullets in Abyssinia, according to Dobinson, and had been for many years.

"They just fired anything they had handy," he said, "and certainly didn't know the difference. The effect of dum-dums is no worse than that of bomb splinters."

Scout Board In Session At Camp

Council Leaders Dine And Meet At Summer Camp Along Slippery Rock

Members of the executive board of the Lawrence County Boy Scout council took dinner at Camp John M. Phillips along the Slippery Rock creek last night and afterward worked out plans for future council activities.

The date of August 24 was chosen for the regular quarterly meeting of the council membership and Camp Phillips was selected as the place. A program will be prepared later. It will be a Ladies' Night affair.

Reports of various committee activities were given by their chairmen and their future plans were made known. Different phases of the council's business was attended to.

Presiding at the meeting was Browne K. Thacker, a vice president of the council.

Before the regular board session and immediately following the dinner served the board in the camp dining hall, members of the finance committee, headed by Charles H. Johnson, Jr., this city, and C. W. Carbeau, Ellwood City, met.

At the dinner were Mr. Thacker, Mr. Johnson, Mr. Carbeau, the Rev. A. M. Stump, Commissioner Ralph F. Davis, Bernard Hook, Hans N. Drio, Rex Patch and Miss Grace Cummings, office secretary. A guest at the board dinner was Mrs. Robert Turner.

An inspection of the camp preceded the dinner.

One Of Hilton Siamese Twins To Be Married

Refused a marriage license in various part of Pennsylvania, New York, New Jersey and Illinois, Daisy Hilton, one of the famous Siamese twins, will at last hear the strains of the Lohengrin wedding march sound for her, it is asserted.

Daisy is going to marry James Moore, a dancing man from Cleveland, O., next Saturday night in the football stadium used for special events at the Texas Centennial in Dallas, reports from the south indicate.

The twins were raised near San Antonio, Texas, and Ed Steger, county clerk of Dallas county, said he could see no reason why a license should not be granted, the law making no exemption of Siamese twins.

So on Saturday night the wedding will be held in the football stadium with the "eyes of Texas upon them," plus a few thousand visitors from Iowa, Montana and the New England states.

Following the wedding Mr. and Mrs. Moore, plus the other half of the Siamese twins will leave for a wedding trip.

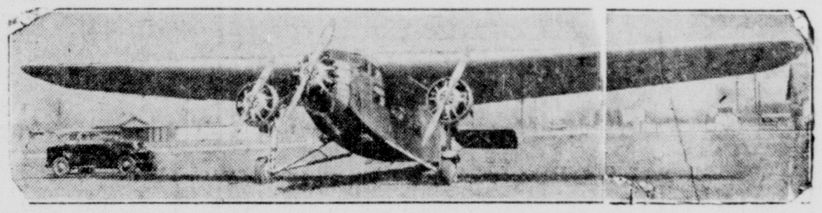

TWO BOYS MISSING

Jacob Williams, 15, of Produce street is missing from home, according to a report made to police.

Charles Leato, 14, of Kurtz place, also is missing, the police have been informed.

There is only one chapter in the King James and most other recognized versions of the Bible that ends with a comma. It is Acts 21, which ends: "he spoke unto them in the Hebrew tongue, saying,"

Airliner To Be Here For Week

This huge Ford airliner was scheduled to arrive in New Castle this afternoon and will be at the airport on Youngstown road all day Wednesday, Thursday, Friday, Saturday and Sunday for the purpose of giving local residents an opportunity to enjoy a 12-mile sky ride over the city at a nominal cost. This opportunity is made possible through the efforts of Boyles and Milsom, local Gulf gasoline distributors.

The giant ship is one of the largest of its kind in America, with 1,000 total horsepower. Among the crew are two nationally-known transport pilots. Capt. J. Mac Gilmour, former United States airmail pilot, has safely carried over 100,000 passengers, and A. T. Hartman, who has had four years commercial flying experience.

Safety of the passengers riding in the plane is assured by use of three independent motor plants, all metal construction throughout and the ship's being manned by a pilot and co-pilots at all times. The big plane cost $56,000 and is capable of carrying 14 passengers. It is equipped with three Wright whirlwind motors of 300 horsepower each. Some of its modern conveniences include lavatory, electric lights, dressing room and heat. It has a wing spread of 76 feet and weighs 10,000 pounds when loaded. It is capable of a top speed of 150 miles an hour and has a cruising speed of 125 miles an hour. The visit of this plane is offering the people an opportunity to ride in absolute safety and luxurious comfort.

Humbert Auxiliary Outing Is Success

About 700 Persons Enjoyed First Annual Picnic At Neshannock Falls

Neshannock Falls was the scene of another successful occasion, all day Sunday, when members of the Umberto Primo Auxiliary assembled for their first annual outing. About 700 persons were in attendance.

From the Humbert First hall, Division street, the large crowd departed for the picnic grounds early Sunday morning. Until late Sunday evening, the attractive park was the scene of joy and contentment. The feature events included a number of athletic events, winners being:

Francis Sardie, 25 yard dash for boys from 6 to 8; Eugene Pasquarello, 25 yard dash for boys 6 to 8; 50 yard dash for girls 9 to 14, Rose Del Ross; 50 yard dash for boys from 9 to 14, shoe race, won by Andy Marmo; 50 yard dash for girls from 15-20, won by Jessie Oriello; 50 yard dash for boys 15-20, won by John Ross; 75 yards dash for girls 20-25, won by Mrs. Louise Rispoli; men's brisco game, won by Mike Santangelo and Stanley Latrienta.

Women's brisco game, won by Mrs. Mary Ross and Mrs. Asunda Orielli; Mora contest, won by Mike Covelli and John Santangelo;; fat ladies race, Mary Palumbo; 75'yard dash for women from 30 years up, won by Susie Nocera. The event was most successful. The committee in charge included: Mrs. Sylvia Casmieri, Phil Long, Mrs. Bridget DeGennaro, Mrs. Elizabeth Rich, Mrs. Margaret Tuscano, Mrs. Elizabeth Maletto, Mrs. Nuisceatta Bresce Mrs. Marietta Caveriechi, Mrs. Mary Palumbo, Mrs. Julia Fire, Mrs. Adeline Volpe, Jennie Rotunno, Mrs. Magline Shulla, Rachel Pasquarello, Rose Costa.

First Accident On New Highway

(Special To The News)

GROVE CITY, July 14—The first motor accident on the newly paved "short" route to Slippery Rock occurred Sunday evening, although the route is not yet officially open to traffic. The seven occupants of two machines in a collison at Walker's corners escaped with minor cuts, although the cars were badly wrecked.

A car driven by Dick Huskin, with Vincent Kelly, of this city, was overturned, sliding more than 200 feet along the highway, in a collision with a machine entering the highway from a side road. The other car driven by Dewitt Hedglin, and containing his brothers, Jacob and Homer, and cousins, Jesse Thompson and James Potter, rolled over twice. All but the latter, who lives in Harrisville, reside in the North Liberty district.

Only a few cars had traveled the highway before the accident. That no one was seriously hurt is considered a miracle.

Woman Wounded By Rifle Bullet

(Special To The News)

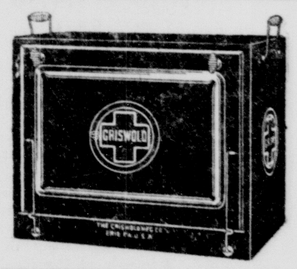

GROVE CITY, July 14—Wounded in the thigh by the accidental discharge of a .22 rifle at the shooting gallery concession in a carnival showing here, Mrs. Clara Double, of Harrisville had a narrow escape when the bullet just missed a large artery. Her condition is said to be good, and she will suffer no ill effects.

The concessionaire was handling the rifle, it is reported, when a cartridge jammed, and he is said to have struck the chamber with a hammer. The bullet glanced off the gallery and struck Mrs. Double. She was rushed to the City Hospital for treatment.

Serious Crisis Faced In Spain

Spain's Entire Army Of 100,000 Men Ready For Instant Action

(International News Service)

MADRID, July 14.—With Spain's entire army of 100,000 held in readiness for instant action, the political crisis feared as a result of the assassination of Jose Calvo Sotelo, Monarchist, began to take shape today.

A group of 100 deputies representing all six Rightist parties decided to withdraw permanently from parliament in protest against the killing, laid to left wing agitators.

Prompted by fears of conservative reaction, moderate Socialists led by Indalecio Prieto and extreme Socialists under Largo Caballero announced they would support the government. Communists and the labor party union gave a similar pledge.

It was learned on reliable authority conservative leaders are using all their influence to prevent younger party members from carrying out bloody reprisals against Socialists.

Governor Cancels Speaking Tour

(International News Service)

PITTSBURGH, July 14.—Because a compromise has been reached in the legislative deadlock, Governor George H. Earle announced here today he was calling off his "stumping tour" to arouse voters in the districts of Republican senators who opposed his $55,000,000 relief demand.

"To continue my tour in Republican districts would be the worst kind of politics," the governor said. "Although $45,000,000 is not enough it will end starvation and relieve the situation."

If you would live by the side of the road and be a friend to man, all you need is a gas pump and a supply of hot dogs.

A. Z. A. Installation Occurs Last Night

Levine Assumes Presidency Of Local Junior Order Of B'nai B'rith

Lester Levine was installed last night as president of the New Castle A. Z. A. club, junior order of B'nai B'rith, at a ceremony in the Tifereth Israel synagogue on South Jefferson street.

With Levine were inducted the following: Philip Baron, vice president; Wilbert Grossman, secretary, and Edward Buntman, treasurer.

New advisors of the club will be Rabbi Pinkus Katz, Rabbi Norman Diamond, Nathan Love, Attorney Harry Frank, Alec Samuels and Dr. I. Botwin.

The organization received word last night that a permanent charter from national headquarters in Omaha, Neb., would probably come within a month. A dance will be held by the organization within a short time and Philip Baron, Wilbert Grossman and Samuel Safier were appointed to handle it.

Rabbi Katz's benediction closed the meeting.

Arrangements Completed For Dinner Meeting In Elks Club Tomorrow Evening

Arrangements have been completed for the dinner meeting of the Merchants Division of the New Castle Chamber of Commerce, which will take place Wednesday evening at 6 o'clock in the Elks club.

An important business session will follow the dinner when a number of projects in which the merchants are interested will be discussed, including Dollar Day, Christmas lighting, and other pertinent matters.

Mutual Assistance Pact Is Near End

(International News Service)

LONDON, July 14.—With lifting of sanctions against Italy, the mutual assistance agreement between Britain, Turkey, Greece and Yugoslavia will be definitely terminated tomorrow, it was learned today.

However, Britain for an indefinite period will continue a virtual protectorate over the other three signatories, guaranteeing aid in event of attack.

Heat Not Bothering Camp East Brookers

Have Cool Breeze Over Hillside — Blankets In Use Every Night

Much of the intense heat of the past several days has been escaped by the half hundred girls who are at Camp East Brook. Quite a cool breeze has been stirring over the grounds and according to this morning's dispatch to The News, the girls have been sleeping under blankets at night.

Saturday evening a picnic supper was enjoyed on the lawn of the camp. Mushball games and a marshmallow roast were also pleasurers. A mushball series is in progress and some exciting games have taken place. Last night Gene McIlvaine's E. W. S. team was the winner. When the series is completed the final victors will play the counselors' team.

Sunday morning all hiked to the East Brook M. E. church and attended services. Members of the church gave them rides back to the camp afterward. Sunday evening at dusk a lovely candelight service was conducted at the edge of the swimming pool with Carol Henderson, Hazel Ann Mark, Claire Kohn, Jean Edelstein, Harriet Danner, Trudy Matthews and Beverly Groden as the speakers.

An extra swim was one of the attractions of Monday night's program. Tonight there will be a "Guess Who I am" party. Preparations are underway for an entertainment on the lawn Friday night when parents arrive to take the girls home.

My New York
By James Aswell

Copyright, 1936, Central Press Association

NEW YORK, July 14.—Dizzy With the Heat: It is untrue that a man must go to the country to enjoy the birds and the flowers. There are so many of both in the country that you scarcely ever get a chance to become acquainted. But with the smallest terrace or balcony jutting from a skyscraper window you become intimately concerned with the life and eccentricities of every sprig of ivy and neighborhood pigeon or sparrow.

The trouble is that apartment dwellers, having made the acquaintance of sparrows or other feathered citizens, commence chatting with them after the fifth or sixth year; particularly in seasons when the thermometer jiggles around 100. The real danger comes when we start addressing the geraniums and potted tomato plants. I have a tomato plant known as "Jack."

The picture "Public Enemy's Wife" is very good melodrama, yet the title suggests a continuation of the cycle in the manner of the Rover Boys. There could be "Public Enemy's Son", "Public Enemy's Motehr-in-Law", "Public Enemy's Friend." Or it might go along with "Public Enemy at Camp", Public Enemy in the Adriatic", "Public Enemy Among the Eskimoes", "Public Enemy at Yale", "Public Enemy in Congress" or even "Public Enemy Among the Utopians."

Expeditionists into Long Island return with stories of "For Sale" signs in the yard of the Petit Trianon at Lake Ronkonkoma. William K. Vanderbilt, at prodigious cost, built this gingerbread mansion at the turn of the century and it became the best-known oasis for the get-out-and-push motorists of the years before the war.

One man who sadly related the shuttered desolation of the Petit Trianon is 50 and was a cut-up in the last decade, 1905-15. "Every time anyone mentioned a cold bottle and a bird in those days, we winked and intoned, 'Aha, the Petit Trianon, is it?' Once I motored out there in a 1910 Stanley Steamer and was arrested by a village constable. He swore I was going all of 20 miles an hour, but I contended this was impossible because I was no conscienceless scorcher and daredevil."

Reflection in the heat: Fifty years ago the greatest actor of the time couldn't have lured a dozen people into one of the theatric incubators here, innocent of any sort of cooling system. The first time electric fans were installed in a Broadway theater the noise of their whirring was so loud that the audience went away puzzled: no one had heard a word the actors said.

* * *

Manhattan routine: promptly at 4:30 p. m., when the sun tilts out of the tenement streets, the fire hydrants are turned on and the slum children, emerging like little pale imps from the dun doorways, splash into cascades of cold water. It's a curious fact that however many playgrounds the city provides, replete with huge pools and swings and ball courts, the youngsters would rather play among the trucks and cars of the street; there is a fascination for them about asphalt which puzzles the welfare workers. Maybe it's the added fillip of squirming out from under the wheels.

"A family of Aswells was completely wiped out by the Galveston flood of a generation ago," writes a correspondent, "and I wonder if you are descendant of them, for I have never seen the name elsewhere." Did you say completely wiped out?

Grocers' Outing Wednesday, July 29

Just 15 days from today, Wednesday, July 29, Cascade Park will be the scene of one of the biggest picnics of the year—the annual outing of the Lawrence County Retail Grocers and Food Dealers Association.

J. W. Rupert, chairman, and his committees are diligently at work preparing plans for the mammoth occasion which is expected to attract more than 10,000 persons. The day has been set aside as "Grocer's Day" by the park commission. Promptly at 1 o'clock, the program will start and continue throughout the afternoon and evening.

On Court House Hill

County Commissioners received an invitation to attend a conference on the relief situation to be held in Harrisburg today but decided that little was likely to be accomplished, outside of what is already being done, so did not attend.

Welfare Director Edwin Reed reports that there has not been much change in the number of persons on outside relief. Some have been taken off, but others have been put on, mostly old persons unable to work. On the whole the list shows a slight drop.

Responsibility of children for the support of their parents was an issue in a Butler court case last week. Judge John H. Wilson had directed T. C. Waldron to pay one dollar per week for the support of his aged mother and was brought into court for failure to comply with the order. Judge Wilson told him that he did not deserve any consideration from the court, and unless payment, with arrearages, was made he would be taken to the Allegheny county workhouse.

When the court house clock goes on a strike, it simply don't strike. This statement may seem a little paradoxical, but figure it out for yourself. The bell in the belfry may be affected by the heat, but whatever is the matter the county commissioners are going to have it remedied when the belfry is painted.

Deputy Sheriff Ben Hartland had a rather strenuous time the other day inhandling an insane patient who was about to be taken to Torrance hospital. As a result he received some bad scratches on his hands, and now has them painted with iodine to prevent infection.

Sheriff Edward D. Pritchard has received a circular from a New York welfare agency in which a warning is issued to jobless girls not to go to the metropolis in seach of work. It is claimed that the city is crowded with girls unable to find employment, and that the danger of exploitation constantly menaced the uninitiated. "We in New York say to the girls throughout the country," the social workers declare, "that no matter what hard conditions there are at home, they are better off to stay there."

One of the coolest places in the city these hot days is the big porch in front of the court house. It is equipped with seats where those who climb the steps leading up to it can rest a bit and cool off. The corridor and offices are also comparatively cool, compared with most buildings in town. The long corridor, extending west to east, has double doors at each end, through which a draft is constantly maintained.

Farmers and milk dealers of Lawrence county have been watching with considerable interest the turmoil in the milk control board at Harrisburg. Hearings have been going on for some time without the legislative board of review getting anywhere in particular. The primary objective is to get the board working on a law enforcement policy which will give the farmer-milk producers some concrete benefits from the law. The rural members are demanding that the board and its employes cease passing the buck to one another and start legal action which will force delinquent dealers to pay producers the prices established by the control board's orders.

FIREMEN WILL PLAN CONVENTION

Final plans for the annual convention of the Firemen's Association of Northern Pennsylvania will be completed at a fish fry and meeting at Conneaut Lake, Wednesday evening, July 15.

Quite a number of the local firemen plan to attend the event.

That is,any boy may become president if there is no printed record of the dumb things he said while yet unknown.

Kills Sweetheart And Surrenders To His Former Wife

Love Triangle Has Very Peculiar Ending In Boston Rooming House

(International News Service)

BOSTON, July 14.—William H. Ritchie, 42-year-old shipping clerk, killed the girl he adored and then telephoned news of the tragedy to his divorced wife.

Over and over to police he repeated his explanation of why he choked to death his sweetheart, Miss Jeannette McDonald, 28, in her room in the same South End boarding house where he lived.

"I loved her, I adored her, I worshipped her, so I killed her."

Arraigned in municipal court on a first degree murder charge, Ritchie, unrepresented by counsel, made no plea and he was held without bail for a hearing July 21.

After pressing his fingers around the throat of Miss McDonald, Ritchie went to a corner drug store and telephoned his divorced wife whom he had visited a few hours before to see his children.

"Something terrible has happened," he said. "You had better come to Boston. I have killed my sweetheart."

His former wife found Ritchie sitting on the front porch steps of the house . Upstairs was the crumpled body of Miss McDonald on the bed.

"What shall I do now?" asked Ritchie. His former wife drove him to police headquarters where he was charged with murder.

Wage Increases Add $1,300 Monthly To Expenses Of City

When council passed a resolution recently restoring 10 per cent of wages taken from city employes it increased the expenditures of the city about $1,300 a month, according to Finance Director James L. Fink.

He said almost all of this was represented in the police and fire departments. They will receive their new rate of pay, July 20 Fink added.

THOUSANDS TAKE PART IN BASTILLE DAY

Rival Groups Show Hatred

Ten Thousand Police On Guard In Paris Against Any Clashes

OPPOSING GROUPS GATHER IN FORCE

(International News Service)

PARIS, July 14.—Political hatred blazed today as rival groups, each numbering many thousands, milled in the Champs Elysees while hundreds of thousands more watched and cheered the Bastille day procession of France's mechanized army as 200 bombers and pursuit planes soared overhead.

Ten thousand Mobile guards and police guarded against clashes as the traditional military parade swung from Napoleon's tomb down the Champs Elysees toward the Arc De Triomphe and the tomb of France's unknown soldier.

Authorities estimated half a million persons had participated in the observance before noon.

An ominous situation developed as opposing political groups gathered in force—Leftists singing the communist internationale and raising their fists in communist and "popular front" salutes, and Rightists singing the Marseillaise, French national anthem, and stretching out their arms in Fascist salutes.

A thousand radicals surrounded the offices of Le Jour, Rightist newspaper.

Sankey-Kerr School Reunion August 20

Committees Named For Annual Outing Of Former Pupils At The Harbor

The annual reunion of former pupils of the Sankey-Kerr school at the Harbor, one of Lawrence county's oldest, will be held on Thursday, August 20, it was announced today. At a recent meeting commitees worked out preliminary arrangements for the affair.

The old Sankey-Kerr school building was torn down and replaced some time ago with a modern structure known as the Harbor school.

An all day program will be featured by a picnic at noon, it was said today. Mrs. Jennie Curtis is general chairman and Mrs. Cora Eckles Dinsmore is her chief aide. On the table committee are Irene Matthews, Mrs. Florence Steele Salmon, Mrs. Caroline Ziegler Rohrer; on the coffee committee are Mrs. Mattie Smith Ripple and Mrs. Mayme French Miller; on the program committee is Miss Elda M. Vance, and handling sports will be Louis Ziegler and David Curtis.

U. S. Ambassador To France Faints

(International News Service)

PARIS, July 14—Jesse Isidor Straus, United States ambassador to France suddenly fainted today while watching the bastille day military parade.

He was placed in an ambulance and rushed to the embassy residence.

"Over-worked, Mr. Straus fainted because of the heat while walking down the steps of the Petit Palais at the end of the parade," Mrs. Straus told International News Service.

"My husband told me:

"Blood rushed to my head and everything swam in front of my eyes, but I am all right now and I will be up this afternoon in shape to receive dinner guests tonight."

Kennywood Outing Will Draw Locals

Miss Frances Maher, Kane, state regent of the Catholic Daughters of America, will be the guest of the courts participating in the annual joint reunion and picnic of the Catholic Daughters of America and Knights of Columbus in Kennywood park, Pittsburgh, on Tuesday, July 21, it was learned here today. New Castle residents may participate.

The picnic affair will form the biggest social affair of the two organizations in this section this year.

Sports and other program features have been arranged.

Another Group At Elm Street Branch

Another group of campers is now at the Elm street Y. W. C. A. branch for an indoor camp program similar to that conducted last week In the group are Lillian Young, Gertrude Taylor, Geraldine Fielding, Zeporrah Jackson, Telitha Jackson, Ruth Brown and Virginia Brooks. Advisers are Anna Taylor and Katherine Fitzhugh.

GAMES TONIGHT

There will be three games in the Church softball league for tonight as follows: First U. P. vs. Third U. P. at Rose Avenue Field. Second U. P. vs. First Baptists at Englewood Field, and the Croton M. E. team will play the First Presbyterians at Elders Field. The games will start at 5:30 o'clock.

TAKING MEDICINE

Molly has the measles, and her doctor says that she must have some medicine. She is five.

"I'm sorry, Molly," mother says, as she approaches little Molly with the bottle and the empty spoon. Molly drops her doll as if she had been shot, screams, and runs away enraged. Her mother follows her.

"Too bad, my dear, but the doctor says that you must have this to get well. Come, take it your your mother; be a nice girl, now."

"No!" Molly shouts, and kicks the wall and bumps her head. The more the mother coaxes the louder Molly screams. At last the mother, with an aching heart, surrenders. In a few days Molly does not seem so well, and the doctor comes again.

"Go on with that medicine," he says.

"But, doctor, Molly will not take the medicine." His face grows red; he burns inside with rage. But the calm physician answers courteously: "Why waste my time and waste your money just to fool yourself?"

I'm really sorry for this mother, for she thought that she had done the best she could; her heart was right.

MAKES IT HARD FOR CHILD

How many a mother makes it hard for her child to profit from the advice given by the best physician! No one knows how many little lives are lost because of foolish practices like that of Molly's mother. Certainly more little ones are lost from their refusal to take medicine than from too long delay in calling the doctor.

Has medicine been prescribed by your doctor for your baby? Then see that she takes it. Proceed as if you were helping the child put on her stockings, or untie a knot in her shoe lace, without suggestion of fear or failure. Don't get excited if the child refuses. Don't coax or threaten her. Don't let your voice rise. Say nothing. Put the medicine away and, unless there is an emergency, wait for 10 or 15 minutes. Then have another adult help. Let him pour the medicine into a spoon, not seen by the child; after which you will quietly but firmly seize the child, restrain her struggles while your assistant puts the medicine as quickly and as deftly into the child as possible. No words are necessary.

Do likewise the next time this child should have medicine, and so continue until she requests to be allowed to take it of her own accord. Parents with good spines need have no misery like the misery of Molly and her mother over medicine. Proceed in like fashion with the food—cod liver oil.

Ellwood Woman Dies Suddenly While Visiting

Mrs. Lila J. McKim, 56, Stricken Suddenly At Lawrenceville, Pa., Yesterday

ELLWOOD CITY, July 14.—Tragedy came upon a well known local family yesterday when word was received of the sudden death of their mother, Mrs. Lila J. McKim, 56, wife of James McKim of Park Gate, who passed away while visiting at the home of relatives in Lawrenceville, Pa.

Besides her husband the deceased leaves three daughters, Mrs. Steger of Westview, Mrs. Shaffer of Slippery Rock, and Mary at home; and three sons, Harvey, Robert, and Warren at home. Mrs. McKim died at 2:45 p. m. Monday. She left Ellwood not long ago in the best of spirits and health to visit relatives. The McKims have been residents of this city for years and just recently moved to Park Gate.

Funeral services will be held on Wednesday afternoon from the late home with the Rev. O. B. Emerson, pastor of the local M. E. church, officiating.

Whiteman Clan At Pymatuning Dam

ELLWOOD CITY, July 14.—Members of the Whiteman clan assembled on Saturday, July 12, at Whiteman's Grove at the Pymatuming Dam, for their annual reunion and picnic outing.

Stream Pollution Vexes Sportsmen

Ellwood City Rod And Gun Club Moves Action Against Pollution Of Streams

ELLWOOD CITY, July 14.—At the meeting of the Ellwood City Rod and Gun club local members voted for action to prosecute those responsible for the pollution of French Creek from Meadville to Utica. This stream, a veritable sportsman's paradise, has been polluted three times in one week killing innumerable fish of all sizes. Steps will be taken to prevent such occurrences in the future.

Preceding the meeting last night a trap shoot was held in Ewing Park. Dr. C. R. Carnahan won the event by making the record 24 out of 25 twice.

George Scott, Sr., was second by making 24 out of 25 possible hits.

At the business meeting at 8:30 progress was also reported on the construction of the dam at Fombell.

Charter Is Refused Ellwood City Club

Judge James A. Chambers Files Opinion In Application Of The Casa Nova Club

In an opinion filed at the county prothonotary's office this morning, Judge James A. Chambers refuses an application of the Casa Nova Club of Ellwood City for a charter.

When the application was heard in court it was opposed by Chief of Police Morrison of Ellwood City, on behalf of residents of the community in which the club is located.

James A. Ferraro, Andy Condi, Nick Perry and Harry Zone, members of the club, testified that it had been in existence about two years as an unincorporated body.

The objects of the club as set forth in the application was the promotion of social and fraternal activities and to make provision for the better educational advantages of the members. It was also proposed to charge a $3 initiation fee and $10 per year dues, and to pay death benefits of $150. Members denied that it was the intention of the incorporators to secure a liquor license.

Judge Chamber's refusal to grant a charter is based largely on the insurance feature. Under the law organizations which provide for insurance must first secure the approval of the state insurance commission. This had not been done by the club.

Mrs. Laura Ingham Dies This Morning

Well Known Local Woman Succumbs At Home After Illness Of One Week

ELLWOOD CITY, July 14.—Mrs. Laura H. Ingham, widow of the late William J. Ingham, passed away at her home on Second street this morning after an illness of one week.

Negro Tells About Trip To North Pole With Admiral Peary

Matt Hansen, Giant Negro, Tells About Hardships Of Trip To North Pole

Will Be Retired At Age Of 70 From Customs Service; Will Get Another Job

By MILTON HARKER
(International News Service)

NEW YORK, July 14.—Matt Henson, the only man alive who stood with Admiral Peary at the North Pole, will be retired from the U. S. Customs service on August 1, but he's going to hustle right out and get himself another job.

Matt's been working for the government for 23 years, but he'll be 70 on August 8, and down in Washington they think that's too old. But a man who has supported himself since he was ten, made eight trips into the Arctic and sailed the seven seas has different ideas.

Couldn't Loaf

"Why, the hardest job I could do would be to take to loafing," said Henson, a stocky negro who appears 15 years younger than his age. He doesn't mind work. Last spring he stuck to his desk despite the fact that he was bleeding internally for a month from a ruptured abdominal blood vessel. His weight dropped to 147 pounds during that period, and that's the only time he went below his 155-pound normal except on that wild dash to the pole which ended on April 7, 1909. Then he dropped to 115.

Got Real Thrill

Matt wasn't sure today he didn't get a bigger thrill crossing 100-foot crevasses on the way to the pole than he did when Admiral Peary planted the stars and stripes.

"When we were crossing Greenland we never knew which minute was going to be the last, but when we got to the pole we just knew the trip had ended," he said.

Except for four esquimaux, all believed dead now, Hansen was the only other member of the large party to make the final dash with Peary. He's not sure even now why he was thus honored.

It was 60 degrees below zero when they halted on top of the world, but Matt said he didn't mind that near as much as he has the recent torrid spell.

Denies Cold Feet

"The old compass was spinning crazy south, but we were too tired to do anything but sleep," he recalled today. "We just built the huts, ate some pemmican and drank some hot weak tea. Then the admiral pulled off his boots and I lay down and he put his feet against my stomach. He did that to keep them warm—you know he froze off all his toes on one of the eight trips he made. Some people have said I put my feet in the admiral's stomach, but that's not so. No suh! I never did have cold feet and I never had to.

"The next morning we got up, but the sun was so low there wasn't no horizon at all, and the admiral had to make an artificial one with mercury before he could take our bearings. In a while he said to me, 'Matt, we're at the North Pole.'

"Then he took out an American flag we had carried on every trip and planted it, and we gave three cheers, although I don't think the Esquimaux knew much what it was all about. I'd like to remember where the admiral got that flag, but I can't."

AROUND CITY HALL

City expenditures for the month of June totalled $71,182.49, according to James Leon Fink, finance director, who has made it a policy to issue the public each month an account of the city's spending. He believes that this policiy will meet with the approval of the citizens and accordingly submits today expenditures as follows:

Office of mayor, $351.59; office of four directors $1,041.12; city clerk, $154.80; city controller, $216.85; tax assessment. $427.45; city treasurer, $923.12; license tax collector, $305.00, legal department, $528.25; public buildings, $346.67; municipal garage, $151.22; bureau of electricity, $39.14; police, $6,191.17; fire, $6,642.76; weights and measures $78.00; health, $417.79; sanitary sewers and disposal plant, $1,851.00; public comfort stations, $401.99; garbage collection and furnace, $2,651.23, ash collection, $140.00; engineering, $585.64; streets and bridges, $5,286.86; street cleaning, $143.04; street lighting, $5,000; relief projects, $565.49; street relief projects, $366.58 parks and playgrounds $709.00; Cascade Park, $1,990.58; golf course, $689.66; compensation, $427.63; millilitary contributions, $390.99; interest on temporary loans, $250.00; cost of printing bonds, $163.50; interest on bonds, $3078.75; improvement certificates redeemed, $2,558.00; interest on certificates redeemed, $1,105.47; temporary loans repaid, $25,000.00 and municipal claims, $11.75.

C. C. Coulthard, superintendent of Cascale Park would like to see Cascade Lake drained at the end of the picnic season and the lake stocked with fish. He believes that fishing would give many hours of recreation to not only the grown-ups, but to the kiddies. The park is owned by the city and no doubt if the city were to inform the fish commission that fishing would be permitted the fish commission would stock the stream. With plans afoot for the elimination of pollution from the Big Run and the lake cleaned, Cascade would in time become a paradise for fishermen.

Unrequited Love Ends In Suicide

(International News Service)

WOODS HOLE, Mass., July 14.—Unrequited love was ascribed by police as the motive for the suicide of William G. Marquette, Jr., 22, Pleasantville, N. Y., Columbia university graduate and research worker in marine biology.

Marquette, according to authorities, killed himself by drinking a powerful poison in dense woodland of Quisset. A search had been conducted for him since last Monday when he disappeared.

ATLANTIC'S 3 LITTLE MEN

ENJOY THEIR DAY IN COURT

And now—YOU be the judge

JUST give all three Atlantic Products a fair trial, and *see* how much money they save you. That Toms River Road Test was scientific, you know—and, being scientific, can be duplicated.

To get Toms River results, you should (1) use Atlantic White Flash, Atlantic Motor Oil, and Atlantic Lubrication *regularly*; (2) drive reasonably and obey all speed laws; and (3) give your car the periodic maintenance service recommended by its manufacturer.

Naturally, you cannot expect even Atlantic Products to restore metal that is already worn. But you will find they all but stop future deterioration, and give you far better performance and cheaper transportation than you've ever known before. Try them today—*and you be the judge!*

CHEWTON

CLASS MEETS

Class No. 5 of the Chewton Christian Sunday school met at the home of their president, Mrs. Glenn Hennon, Friday evening. After the business meeting Mrs. Hennon, assisted by Miss Nancy Douthitt and Mrs. Charles Yoho, served a very delicious lunch. The next meeting will be held at the home of Miss Mildred Solsburg.

CLASS PICNIC

Class No. 3 of the Chewton Christian Sunday school will hold their annual class picnic at the Smith picnic grounds, Thursday afternoon and evening. All members and their families are invited to attend this picnic.

CHEWTON NOTES

Mrs. Julia Fletcher was a business visitor in New Castle Saturday.

Mr. and Mrs. Roy Douthitt of Ellwood City were visitors in Chewton, Sunday.

Attorney Carl Douthitt of Huntingdon, W. Va., has returned to his home after visiting with his mother, Mrs. Nancy Douthitt and Mr. and Mrs. O. V. Douthitt and family.

Mrs. Josie Tillia who has been confined in the Jameson Memorial hospital for the past two weeks, was able to return to her home here Sunday.

Mrs. Elizabeth Pifer of Ellwood City spent Friday with Mrs. W. P. Guy, Jr.

Misses Ethel Brown and Marian Stelter of Shenango visited with friends here, Sunday.

Mr. and Mrs. Frank Baker and daughter, Betty, of Wurtemburg, were callers in Chewton Sunday.

Mr. and Mrs. James Guy of Ellwood City visited Mr. and Mrs. John Tillia on Thursday evening.

Mrs. Cyrus Stillwell and son, Raymond, of Wellsville, W. Va., is visiting with Mr. and Mrs. W. P. Guy, Sr.

Misses Agnes Hennon and Mildred Solsberg and Mrs. Charles Solsberg were in New Castle on Saturday.

Mr. and Mrs. Lewis Powell and children and Mrs. Margaret Powell of Rochester, Pa., visited with friends here Sunday.

Mrs. Viola Guy and Ada Louise and Neil Guy have returned home from Painsville, O., after spending the week with C. B. Guy.

Mr. and Mrs. Mrs. Ford Aiken and daughter, Mary, and Marian Campbell motored to Bethany, W. Va., Sunday. Miss Aiken and Miss Campbell will spend this week at Bethany, where they will attend the Young People Conference at Bethany college.

East New Castle Tabernacle Having Services Nightly

The three services at the Calvary Gospel Tabernacle on Sunday were well attended by the many freinds and members of Calvary Presbyterian church on the East Side. The services marked the beginning of special series to be conducted by Rev. M. L. Lowe, of Bible School Park, N. Y., evangelist and Bible teacher of ability.

Special vocal numbers were given by A. F. Robb, Evangelist Harold Davis and his sister.

The tabernacle, constructed for summer services is proving to be of real value in this warm weather. Inasmuch as Rev. Lowe made such a splendid impression Sunday it is expected that all the week night meetings will attract crowds.

As a Bible teacher he majors in the books of Daniel and Revelation. The services open at 7:30 each night with a spirited song service led by A. F. Robb, assisted by the Sunday school orchestra.

City Softball League Resumes Play On Friday

Managers Decide To Play Second-Half Of League, Officials Are Retained

PLAYERS MUST GET RELEASES

City softball league existence was extended last night at the Y. M. C. A. at a hectic meeting in which the managers of the league teams voted to retain the present officials, Walther, Babovsky and Viggiano in office despite keen opposition from forces outside and inside of the league. The vote was unanimous.

The managers also voted unanimously to stick to the rule made at the first of the year that a player must stay with a club until given his release by a manager. Under no consideratiaon can a player jump from one team to another. The first 10 games of the second half rule will also be enforced.

Nobils Will Stick

The Nobils under Ray "Bung" Cutler and Franklin Crisci will stay in the league. It was thought for a time that this fine team would "drop out" due to the lack of star performers, but the Nobils have decided to stick it out to the end and intend to place a fast team on the field if at all possible.

In the matter of umpires for the second-half, the managers suggested the names of Louis DeRobbio, Guy Natale and Earl Riley. These men along with Frank Isabella, Johnnie Santangelo, Keith Van Fossan, Mike DiThomas, Joe Aiello and Titus Monath will be assigned to the games.

New Ruling Made

The Nobils will use Gaston Park Field as their home grounds in the second half and will open up with the Box Factory Friday night at Gaston Park. The Bonnetts will go to B. & O. Field for a game with the Knights of St. Vitus.

Croton Progressives will be the opponents for the Rads at Castle Beach field. Manager Ed. Malley and Lundy Aven have agreed to get the grass out in the outfield.

A new ruling in the turning in of scores to The News has been set up as follows: the home team hereafter is to see that the results are turned in, win, lose or draw. This rule must be enforced.

The fans can rest assured of some fast and furious games in the second-half starting Friday night. Never in the history of softball here has there been a league better balanced. Never have the league officials worked with a finer set of managers.

Rose Point And P. N. A. Will Play For Title Tonight

First-Half Championship In Township League At Stake At Glasser Field At 6 O'clock

First-half championship of the Township baseball league will be at stake tonight as the Rose Point team and the Polish Nationals tangle in the final game of the first round. Both teams are tied for first place in the league. The game will start at 6 o'clock.

Manager Burke will probably use Johnnie Carik on the slab, with the Rose Pointers almost certain to use "Ace" Farrell on Fogartys Knob.

This game will no doubt attract a lot of attention as the teams are evenly matched and with a title at stake, a good fast game can be expected.

Class B Softball Battles Tonight

There will be three games played tonight in the Class B. softball league it was announced. The games will start at 5:30 o'clock. The Keystones will be idle tonight, having drawn a bye.

The Shenangoes will go to Gaston Park to meet the Cunningham A. C. a new team that has taken the place of the E. S. Merchants and formerly known as the Rose Avenue Cubs. The Strollers will use Rose avenue for their home field and will have the South Avenue Merchants as their opponents. The Gersons will play the Fannins at Lehigh Field.

The Strollers and Cunningham A. C. players are asked to take notice of the change in playing fields.

Firemen Upset P. N. A. 5 To 3

Tommie McCormick On Mound For Firemen Hurls Steady Game

Sixth Ward firemen defeated the Polish Nationals last night at the Lee Avenue Field by a score of 5-3.

Tom McCormick, took the knoll for the Firemen and hurled a steady game, allowing nine scattered hits which counted for three runs.

Mrozek started on the mound for P. N. A. but the Firemen bunched hits in the third inning and drove him from the mound. Mescall relieved him and hurled the rest of the game.

Besides hurling a fine game, McCormick pounded out a triple and a singe to be feature hitter of the game. C. Jackson and P. Coulter also had doubles for the Firemen. For the Polish lads, the hitting of Brysh and Koltz proved outstanding.

Will Direct Athletics At Westminster Now

NEW WILMINGTON, July 14—Westminster College will return to the policy of a single head-coach for all varsity sports when George W. Roark, newly named coach, assumes the helm in September following the resignation of Coach John Lawther, basketball mentor for 10 years, to accept a head-coach ship in basketball at Penn State.

This will be Roark's first year of college coaching; but he had behind him a splendid record in high school coaching. As an undergraduate at Bethany College he was a four-letter man in three sports, basketball, football and track.

As a high school athlete, George Roark was a member of Lane High school's state championship basketball team, at Charlottesville, Virginia. In Bethany college, he captained his basketball team for a year and won an all-state berth at end in football.

He has been in high school coaching for eleven years, beginning with a three year period at Sistersville, W. Va., 1925-28. At Follansbee, W. Va. where he coached, 1928-30, his teams ran up 15 consecutive victories in basketball; and one of his ends was placed on the all-star team.

Roark went to New Brighton high school in 1930, and in the next six years won a basketball sectional championship; took 33 games, lost nine and tied three in football; garnered one first place in a Geneva Interscholastic track meet and took 5 out of 6 football contests from New Brighton's strongest rival, Beaved Falls.

GEORGE W. ROARK

In the 1935-36 football season, Coach Roark won 9 games and lost 1; and in the 1936 basketball season his team finished one game behind New Castle the district and sectional winner.

In Bethany college, Roark graduated with an A. B. in English later attending graduate school at Pitt. He also attended coaching schools under Rockne, Meanwell, Warner and Allen.

Rural Baseball League Season Opens Tonight

(Special To The News)

NEW WILMINGTON, July 14.—Following almost two months of individual team practice and practice games with leagues rivals, the recently organized Rural Baseball League of Lawrence and Mercer counties will officially open their league schedule July 14.

The league is composed of teams representing the smaller towns and communities in the two counties. Realizing that these teams would not be able to compete with the larger and faster teams in the city loops, the managers of these teams organized a Rural League to bring about friendly rivalry and to encourage baseball support in the communities.

The complete schedule has not yet been issued but the New Wilmington games, as announced by Tom Hutchison, manager and first string pitcher for the New Wilmington nine, follows:

July 14—New Wilmington at No. 5 mine.

July 17—New Virginia at New Wilmington.

July 21—New Wilmington at Pulaski.

July 24—Bethel at New Wilmington.

July 27—No. 2 mine at New Wilmington.

July 30—New Wilmington at New Virginia.

August 4—New Wilmington at No. 2 mine.

August 7—Pulaski at New Wilmington.

August 11—New Wilmington at Bethel.

August 14—No. 5 mine at New Wilmington.

The league at the present time is composed of five teams and it is expected that several more teams will enter the league soon.

Referee Counts Both Matmen Out

Neither Sexton Nor McLeod Able To Return To Ring Within Allotted Time

POLICEMAN RAPS SEXTON OVER HEAD

Following three exhibitions last night at Centennial field in which six wrestlers displayed a lot of wrestling and showmanship, George McLeod and Frank Sexton, heavyweights, went on in the feature role. Before it was over the fans saw a lot of mat action—plus police action.

McLeod and Sexton, both of whom are good wrestlers, were going fast when both fell outside the ropes. McLeod lay on the ring platform while Sexton rolled off the ring to the ground. After both were counted out by Referee Dickerhoff Sexton apparently went beserk.

He plunged into the front row and spectators scattered like chaff. Several persons tried to hold him but failed, whereupon Policeman Dent Shields stepped into the picture and rapped Frank above the right eye with a blackjack inflicting a two stitch cut. This set a small portion of the crowd against him.

Patrolman Harry Flinner who was in plainclothes, Ray Richards and John Golis, aided by Constable Joe Russo took the situation in hand and for one night the wrestling fans saw plenty. Yes, sir, folk, the 'rasslers' lived up to their pre-bout expectations and plus Dent's activity the fans got a lot of 55, 75 and 1.10.

Morris Suber, local pride, wrestled Bill Christy, 180, of Vancouver. Christy used his feet like a football player but finally was downed in 15 minutes. The crowd was pro-Suber throughout and was glad to see him win.

Rough Bout

Irish Jack Conley and Swede Nelson, heavyweights, put on a great bout. There was plenty of action. In fact there were times when Nelson leaped high into the air, landed on Conley's back and rode him.

After 15 minutes of hard work Nelson won from Conley with a body slam.

Walter Podolak and Roy Graham exhibited a lot of holds and antics. They had toe holds and what not and one juncture after Graham had left the ring Podolak chased him into the ringside section. Podolak won with a flying mare and body slam in 22 minutes.

Sexton and McLeod, finished workmen, earned the plaudits of the crowd on several occasions and both were using rough stuff when they got in the final act that resulted in both being counted out and Sexton tapped by the policeman's blackjack.

The fans were somewhat vexed but Shields said he believed the man had been affected from the fall and was apt to injure spectators and realizing that he could not handle the 200 pound wrestler rapped him twice with the blackjack which brought the Evening's Evenin' to an end.

Jack Johnson In Pittsburgh

(International News Service)

PITTSBURGH, July 14.—Here to second Al Gainer, negro slugger from New Haven, in his battle with John Henry Lewis, the light heavyweight champion, Jack Johnson, once regarded as the champion of champions, said today in his opinion Joe Louis was the most overrated fighter ever to cross the fistic horizon.

Johnson, who will help Gainer train and be in his corner at Forbes Field the night of July 23, said "Louis could be a good fighter but he has the wrong stance."

"Candidly I honestly believe that either Gainer or Lewis could beat the Brown Bomber. I'm 58 years old and I think I could go in there and box six rounds with Louis without even being touched," Johnson asserted.

Bessemer Wins First Half Flag

Bessemer defeated Hillsville seven to one in a play-off of a postponed game and won the first half pennant at Hillsville yesterday. Snyder allowed five hits and H. Marshall allowed nine. The box score was compiled inaccurately, hence lack of its publication. Up to a few days ago West Pittsburg was in the league but lost their franchise for failure to finish the first half.

Two Games In Township League

Castlewood will play at Brent and Rose Point will play at East New Castle today. The teams have a franchise in the Township league. The settoes are scheduled to start at 6 p. m.

All-Stars Named For Croton Game Wednesday Night

Managers Frank Viggiano and Vinnie Gallagher of the Class B All Star lineup that will play the Croton Progressives Wednesday night at Castle Beach field, today submitted the list of players who will participate in the game. The game will start at 6 o'clock.

The Crotons won the first half of the City Softball league. This will be the first of a three-game series between the Crotons and All Stars.

The players who will take part in the Class B lineup are:

Shenangos—Capp, DeFiore, Bullano and Colella.

Keystones—Adams, Jones, L. Santangelo and B. Strausbaugh.

Fannins—Duda.

Gersons—Rowe, Wright.

S. S. Merchants—Koszela and Sniezek.

Strollers—Lane, Wyman.

There are several others to be picked later. The above players are asked to meet at the Keystone A. C. rooms at 5 o'clock Wednesday night for transportation to Castle Beach.

Church Softball

MAHONING M. E. WINS

Mahoning M. E. softball team handed the First Christians a 5 to 2 defeat last night at the P. & O. field in the seventh ward, with Wilson on the knoll and limiting the heavy hitting Christians to seven bingles. The Mahonings had nine hits off of Patton. The heavy clouting in the game was done by L. Tanner, Johnston, Jolly and Wilson, all with homers.

Score by innings:	R.	H.	E.
Christians .....110 000 0—2	7	0	
Mahoning .....003 200 *—5	9	0	

Batteries—Christians, Patton and Morrison; Mahoning, Wilson and Denny.

Chicago Cubs Lead League

Defeat Giants As Cards Are Idle, Washington Moves To Third Place

INDIANS WALLOP RED SOX AGAIN

By PAT ROBINSON
International News Service Sports Writer

NEW YORK, July 14.—Judging by some recent low-hit games, the torrid weather seems to have oiled up some pitching soupbones to good purpose.

Within a week or two there have been two one-hit performances in the majors and yesterday there were two, four, five, six, seven and eight hitters turned in. This is commendable pitching and, if continued, means that some of the more swollen batting averages soon may start easing off a trifle.

Good Ptching

Incidentally, the pitching hasn't been as consistently bad as it's been painted. In spots, it must be admitted, the pitching has been terrible, but there have been many fine games tossed.

For instance, there have been 34 shut-outs pitched in the National League and 31 in the American. The Browns and Cubs have been the hardest teams to whitewash each having been blanked only twice. The Dodgers, with nine shutouts to their discredit, have been the easiest.

The Cubs, Giants and Red Sox, have applied the paint brush most often, each having calcimined the opposition eight times. The Browns and A's have scored the fewest shutouts in the American, only one apiece and the Pirates and Cards trail the National with two each.

Cubs Top Giants

Hubbell and Gabler between them gave the Cubs only two hits yesterday and yet the Giants were beaten, 1-0, because they couldn't bunch their four hits off Bill Lee. At that, it took an error to help beat Hubbell and send the Cubs to the top of the league.

Another good effort was Tiny Chaplin's six-hitter to give the Bees a 4-1 decision over the Pirates. The Bees made the most of seven hits off Swift and Weaver.

White Sox Win

The Phils and Reds each made nine hits but the latter won out, 6-4.

The shelling was heavier in the American League where the Tigers cut into the Yankees' long lead by trimming the A's 5 to 2, while the White Sox were making it two out of three from the Yanks to the tune of 6 to 3. Whitehead held the Yanks to five hits, one of which was Gehrig's 24th homer, while Pearson was drilled from the box for the fifth straight time. A little more of that kind of pitching and the Tigers will be knocking at the Yankees' door.

The Indians hammered a trio of throwers for 17 hits to beat the Red Sox, 11 to 3, and the Senators entrenched themselves in third place by trimming the Browns—their favorite hot-weather dish, 9 to 3.

The Cards and Dodgers were idle.

The happiest people are those who don't know or give a darn how much they weigh.

Bids Wanted For The Cleaning And Painting Of The West Washington Street Bridge.

Notice is hereby given that the undersigned has approved the proposal of the County Commissioners of Lawrence County, Pa., for the cleaning and painting of the West Washington Street Bridge across the Shenango River in New Castle, Pennsylvania.

The kind of paint to be used is to be red lead and oil for the first coat and aluminum paint for the second coat.

The quantities for each coat to be approximately 75 gallons and the kind being as follows: First coat to be red lead and oil, 20 pounds of red lead to a gallon of oil and the second coat to be a mixture of one-half gallon of boiled linseed oil, one-half gallon B oil, and two pounds of alcoa aluminum varnish grade.

The entire structure shall be scraped and cleaned of all old paint, rust and foreign matter and shall receive one coat of red lead and oil and the second coat of aluminum paint as above set forth. The contractor shall remove all concrete between the posts, dirt and all other foreign matter and on all parts of the steel and iron in the bridge structure. After the cleaning of the bridge steel work the contractor may apply his first coat of paint after approval of the cleaning by the inspector. When the entire bridge is completely painted with the first coat of paint, the application of the second coat may begin.

All bids must be deposited with the Controller not later than 9:30 o'clock A. M. on August 17, 1936, and will be opened in the office of the County Commissioners, at the Court House, New Castle, Pa., at 10 o'clock A. M. of the same day.

The contractor will be required to give a performance bond in the amount of his bid and a bond to protect labor and material men in the amount of 50% thereof, and shall deposit with his bid a certified check in the sum of $100.00.

The right to reject any and/or all bids is reserved.
Frank W. Hill,
County Controller.

Stock Market Is Irregular

Many Gains Are Pared Appreciably Or Converted Into But Small Losses

By LESLIE GOULD
International News Service
Financial Writer

NEW YORK, July 14.—The stock market turned highly irregular today with many gains being pared appreciably or converted into small losses.

Coppers, chemicals and aviations were generally improved on the day, while motors, rails and liquors displayed a sluggish tone.

A select group of issues bounded forward to new highs for the year. DuPont gained more than a point to cross 159, North American advanced fractionally to 32½ and Philip Morris jumped nearly three points to above 89.

Softness in the carrier section was in the face of estimates loadings last week reached a new peak for 1936 at around 725,000 cars. The rail averages at one time this morning broke through the old year's high to 51.68, the highest since 1934, but failed to hold.

Grains were soft throughout the forenoon, while cotton ran up about 75 cents a bale. Bonds pointed irregularly higher.

McKeown High In N. C. Rifle Shoot

William "Bill" McKeown was high man last night at the semi-weekly shoot of the New Castle Rifle Club held at the Cathedral range, with a 188 card out of a possible 200. Second high was held by Finley with 185. Third high went to McBride with 183. Giddings had a 182, and Van Horn a 180.

In the shoot held last Friday night the high honors also went to McKeown with a 189 string. Second high was held by McBride with 181 and by Allen with 181. Third high was held by Giddings with 180. Other scores were Farrar 161, Van Horn 178, Boston 168, and Miller 175.

Another shoot will be held Friday night at the Cathedral range and all who care to shoot are invited to attend.

You can't start a revolution in a land where anybody can feel lordly by tooting for curb service.

Will Celebrate National League's Birthday July 16

Unique Program To Be Presented At Forbes Field In Connection With Game

PITTSBURGH, July 14.—Everything is set for the National league's 60th birthday party at Forbes field Thursday, July 16. After ten days of practicing under the 1876 rules, two teams of ten men each composed of western Pennsylvania semi-pro players, made up to look like the players of the National league's natal year, are ready to take the field to exemplify the old time diamond game.

Not the least interesting feature of this ancient game will be the umpire. Wearing a Prince Albert coat, high hat and with a plentiful supply of hirsute adornment, the old arbiter will render his decisions from a comfortable chair placed between the "home base" and first base. From this point of doubtful vantage he will decide the plays at all bases, call the balls and strikes and decide on catches in the outfield. The rules of 1876 read: "Should the umpire be unable to see whether a catch has been fairly made or not, he shall be at liberty to appeal to the bystanders, and to render his decision according to the fairest testimony at command.'

The birthday observance will be attended by high baseball officials, and gets under way at noon with a luncheon at the Hotel Schenley when a number of old time ball players from the tri-state section will be guests of the Pittsburgh club at luncheon, after which the participating players, riding in the old hacks of the early days of the game, together with the old time players in automobiles will parade through the Oakland section of the city, finishing up at Forbes field in time to engage in practice before going into the exemplification of the old game. It is expected this game will get under way at about 2:30 and the regularly scheduled game between Pittsburgh and New York will start at 3:15 o'clock.

Wrestler Treated At Hospital Monday

Frank Sextan, 550 South Oakley avenue, Columbus, Ohio, one of the wrestlers who appeared at Centennial field, Monday night, received treatment for a cut on the side of the face, near the eye, late last night, in the New Castle hospital.

He was able to leave the hospital following treatment.

NOW WHAT?

A salesman was eloquent about the merits of a certain vaccum cleaner, but the woman of the house wasn't impressed. She suggested that he talk less and show her what the machine could do.

He took off his coat, fitted up the cleaner, thurst his arm into the chimney of the open fireplace and brought out a big handful of soot, which he scattered over the parlor carpet. He then shoveled some ashes from the grate and sprinkled them over the rug, adding a big handful of soil from the garden. Then he smiled and rubbed his hands.

"Now," he said, "I'll show you what this vacuum cleaner can do. You'll be surprised, madam. Where's the electric switch?"

"Switch?" echoed the surprised woman. "We use gas."

You can tell whether a man is jobless or on vacation. If he's jobless, his wife can't think up any more chores for him.

SPORT SHORTS

The Croton Progressives first-half champions of the City softball league will play a team composed of Class B All-Stars at Castle Beach field on Wednesday night at 6 o'clock, it was announced today by Manager Ed Malley and Lundy Aven.

Wednesday night at Gaston Park field the Knights of St. Vitus and the Nobils will play a practice game. The game will start at 6 o'clock. Following the game the Knights of St. Vitus will have a meeting at the club rooms it was announced by Bennie Marino and Stanley Coprowski. Ray "Bung" Cutler will manage the Nobils for the second-half of the City Softball league, it was revealed last night.

The scheduled game for tonight between the Keystone A. C. and the Mahoning A. C. softball teams has been cancelled. Instead the Keystones will hold a practice session at Rosena Furnace field at 5:30 o'clock, it was announced by Managers Viggiano and Gallagher.

East New Castle baseball team will hold a reorganization meeting Wednesday night at the Shenango High building at 7 o'clock. The following players are asked to report at the meeting: Gwin, Balla, Cassidy, Mitchell, Majeski, Dugan, Brooks, Cowmeadow, Shaftic, Ketzel, Anderson, White, Mehalic, Janoski, and any others who care to tryout for the team, according to an announcement by Joe Shaftic.

Shenango Midgets won the first league victory last night by defeating the Keystone Midgets at Rosena Furnace field 14 to 6. Stanley Lavella was the winning pitcher. The hitting stars were Cagnetti, E. Fava, DeGenaro, and Augustine.

A meeting of the managers of the various teams in the Township baseball league will be held at the Shenango High building at 8 o'clock Wednesday night. The standing of the first-half will be completed at the meeting, and a schedule drawn up for the second-half.

Charles "Tip" Richards has announced the following schedule for the playground softball league for the next two weeks: Wednesday, July 15, Shenangos vs Cyclones, Ross A. C. vs Keystones. Friday, July 17: Ross A. C. vs Cyclones, Shenangos vs Keystones. Monday, July 20: Shenangos vs Ross A. C., Keystones vs Cyclones. Wednesday, July 22: Shenangos vs Cyclones, Ross A. C. vs Keystones. The Ross A. C. is now leading the league with two victories and no upsets. The Cyclones have one victory and no defeats. The Shenangos have won one and lost one. The Keystones have lost one and have yet to win a game.

Eyston Continues To Set Records

(International News Service)

BONNEVILLE SALT FLATS Utah, July 14.—Capt. George E. T. Eyston, daredevil British race driver, and his blue-nosed "Speed of the Wind" continued to roar over the salt beds of old Lake Bonneville early today, shattering scores of records.

The grey-haired Englishman broke the 24-hour record early Monday with a speed of 149 miles per hour and then plunged on towards a new 48-hour mark.

During the night, Captain Eyston streaked past the 50,000-mile mark with an approximate average of 139 miles per hour. The previous record was 109.89 miles per hour, set in 1934 by Perrot, Dhome and Girod.

The existing 48-hour mark is 109.54 miles per hour.

LAWRENCE COUNTY LOOP

Some of the managers in the Lawrence County circuit are derelict in submitting scores following games. There is a healthy fine for violation of the rule which provides that a box score must be turned in the same evening as the game is played.

The games scheduled for today in the Lawrence loop are as follows: Bessemer at Hillsville and A S & T P at Mahoning. All of the tilts will begin at 6 p. m.

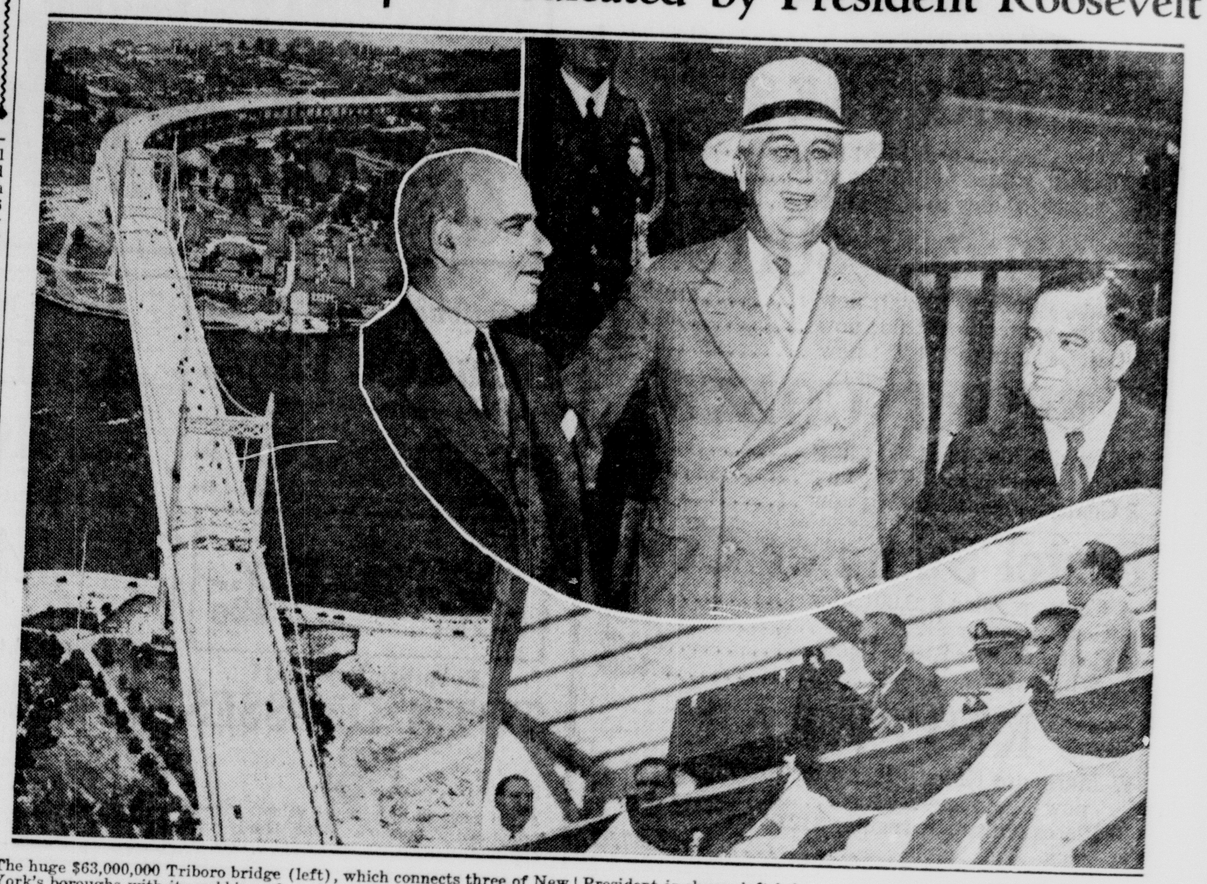

Correct this sentence: "We'll show people how much government money this man got," said the politician, "and that will shock them."

Suggestion to Farley: If you need campaign money, why not spoil another issue of postage stamps for the collectors?

Giant Triboro Span Dedicated by President Roosevelt

The huge $63,000,000 Triboro bridge (left), which connects three of New York's boroughs with its webbing of steel and concrete, was visited by a stream of autos following President Roosevelt's dedicatory address. The President is shown left below as he spoke and above with Gov. Herbert Lehman (left) and Mayor Fiorello LaGuardia who are chiefly responsible for the successful completion of the giant structure.
